A Guide for Keeping Mason Safe

This annual report is intended to be used by George Mason University students, staff, faculty, and visitors. It provides useful information and references for issues relating to campus safety, defines types of crimes that may occur, suggests safety tips, and identifies related safety programs and resources in an effort to promote a safe and secure environment. Safety is ultimately the responsibility of individuals, and their cooperation is essential to improve security for everyone. This report is published each year by October 1 to meet the requirement of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the Clery Act) to publish an annual security report. The Department of Police and Public Safety works with many other departments on campus, such as the Office of Student Conduct; Office of Housing and Residence Life; Compliance, Diversity, and Ethics; Student Support and Advocacy Center; and the Environmental Health and Safety Office (EHS), to compile this information. This report is also intended to meet the requirements of the Higher Education Opportunity Act to publish an annual fire safety report. Additional hard copies of the report may be obtained by completing the Annual Security and Fire Safety Report Request Form at the following link: police.gmu.edu/annual-security-report/request-for-annual-security-report. Additional hard copies are also available to walk-in customers at Police and Safety Headquarters (accessed from University Drive, in front of the Rappahannock River Parking Deck, on the Fairfax Campus).

Reporting Crimes and Other Emergencies

REPORTING CRIMES TO MASON POLICE

All crimes and other emergencies at the Fairfax, Arlington, and Science and Technology Campuses should be immediately reported to Mason Police by calling 703-993-2810 or 9-1-1. After receiving information concerning a crime or an emergency, Mason Police will ensure an effective investigation and appropriate follow-up actions, which may include issuing timely warning notifications to alert the campus community about crimes that pose a serious or continuing threat to safety, or issuing emergency notification and evacuation procedures to alert the campus community about significant emergencies or dangerous situations. Reporting all incidents to Mason Police also allows for accurate reporting of crime statistics in public disclosures such as the Annual Security and Fire Safety Report and the daily Crime and Fire Log. On occasion, Mason Police collaborates with local police, sheriff deputies, the Virginia State Police, and other state or federal agencies such as the Federal Bureau of Investigation or the Drug Enforcement Administration. For all campuses, certain incidents involving Mason students and employees are referred to various Mason officials for separate administrative investigations of suspected violations of university policy.

REPORTING CRIMES TO LOCAL POLICE RESPONSIBLE FOR MASON CAMPUSES

For the Mason in Loudoun and the Smithsonian-Mason School of Conservation Campuses, crimes and other emergencies should be immediately reported to local police and fire authorities by dialing 9-1-1. For Mason Korea, crimes and other emergencies should be immediately reported to local police and fire authorities by dialing 1-1-2 or 1-1-9.

VOLUNTARY AND CONFIDENTIAL CRIME REPORTING

Mason Police encourages anyone who is the victim or witness to any crime to promptly report the incident to Mason or local police. However, because police reports are public records, under state law, Mason Police cannot hold all reports of crime in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to other Campus Security Authorities at Mason. Confidential reports of crimes may also be made to Mason Crime Solvers at 703-993-4111 or through Rave Guardian, a mobile application available through the iTunes store and Google Play store.

OTHER CRIME REPORTING OPTIONS

While Mason prefers that community members promptly report all crimes and other emergencies directly to Mason or local police, we also recognize that some may prefer to report certain nonemergency incidents or crimes to people other than police. Thus, crimes may also be reported to the following individuals or offices known as Campus Security Authorities and Responsible Employees:

- **Title IX Coordinator**—Monitors the university’s compliance with Title IX and coordinates the university’s investigation, response, and resolution of all reports of sexual and gender-based harassment and other interpersonal violence. Call 703-993-8730 or email titleix@gmu.edu. See also diversity.gmu.edu/intake-form
- **Office of Student Conduct**—Responsible for resolving allegations of misconduct under the Code of Student Conduct, including sexual misconduct. Call 703-993-6209. studentconduct.gmu.edu
- **Office of Housing and Residential Life**—Full-time and student staff are available 24 hours a day to assist students and ensure safety. For 24-hour, nonemergency line, call 703-993-2720. housing.gmu.edu
- **Employee Relations**—Provides assistance to university employees and their supervisors to help identify and resolve work-related problems and proactively avoid potential problems. Call 703-993-3878.

Preparation of the Annual Security and Fire Safety Report

The Annual Security and Fire Safety Report is required by the Jeanne Clery Disclosure of Campus Security and Campus Crime Statistics Act (the Clery Act). The report includes, but is not limited to: campus safety and security policy disclosures; statistics for Clery Act crimes for Mason property, adjacent property, and non-university property owned or controlled by the university for the previous three years; and fire statistics for on-campus student housing facilities for the previous three years. To prepare the Annual Security and Fire Safety Report, the university—through Mason Police—collects, classifies, and counts crime reports and crime statistics. Crime statistics are collected throughout the year from Mason Police and members of the university designated as Campus Security Authorities (CSA). Crime statistics are also requested from local law enforcement agencies in jurisdictions where Mason owns or controls property.

INFORMATION FOR EMPLOYEES: REPORTING OF CLERY ACT CRIMES

The following information is adapted from University Policy Number 1412, Reporting of Clery Act Crimes and/or Prohibited Sexual Conduct at universitypolicy.gmu.edu/policies/reporting-of-clery-act-crimes-andor-prohibited-sexual-conduct.

As an effort to promote campus safety, the university strives to keep and disclose accurate information about crime on and near its campuses by making Clery Act Crime reporting a shared responsibility. The university uses information provided by “Campus Security Authorities” (CSAs) to complete federally required public safety disclosures such as the Daily Crime and Fire Log, Emergency Notifications, Timely Warning Notifications, and the Annual Security and Fire Safety Report in compliance with the Clery Act.

Campus Security Authority Reporting Responsibilities

1. All university faculty, staff, and contractors who are not pastoral counselors or professional counselors, and all students with significant responsibility for student and campus activities, are designated as CSAs, and shall, as soon as possible, notify Mason Police of all Clery Act Crimes they witness, learn of, or hear about in one of the following ways:
 - a) Calling Mason Police directly at 703-993-2810 (in an emergency, immediately call 9-1-1);

- b) Completing the CSA Crime Statistics Reporting Form online at police.gmu.edu/clery-act-reporting/csa-form; or
 - c) Emailing Mason’s Clery Compliance Coordinator at cleryact@gmu.edu.
2. In an effort to preserve confidentiality, at the request of the victim(s) or survivor(s), identifying information such as names, initials, and contact information shall not be reported or disclosed to Mason Police and/or the Clery Compliance Coordinator.
 3. CSAs are not responsible for determining authoritatively whether a crime took place—that is the function of law enforcement personnel. CSAs shall not try to apprehend the alleged perpetrator of the crime. That, too, is the responsibility of law enforcement. It is also not a CSAs responsibility to try and convince a victim to contact law enforcement if the victim chooses not to do so.
 4. See “Clery Act Definitions” for definitions of Clery Act Crimes. Up-to-date Clery Act Crime definitions are also available online at police.gmu.edu/clery-act-reporting/clery-crime-definitions.

DEFINITIONS

Campus Security Authority (CSA): CSAs include all university faculty, staff, and contractors who are not pastoral counselors or professional counselors (see definitions that follow). Additionally, all students fulfilling duties requiring them to take action or respond to particular issues on behalf of the institution (e.g., resident advisors) are also considered CSAs under this policy. Finally, vendors with day-to-day duties that are not controlled by the university are not designated as CSAs, but shall report crimes in compliance with University Policy Number 1404—Reporting of Crimes, Accidents, Fires and other Emergencies.

The Clery Act: Signed into law in 1990, the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the Clery Act) is a federal consumer protection law that requires colleges and universities to disclose information about campus crime activity and security policies. Information disseminated in accordance with Clery Act guidelines serves to inform the personal safety and college selection decisions of current and prospective campus community members. All postsecondary public and private institutions participating in federal student aid programs must adhere to Clery Act regulations.

Clery Act Crime: A Clery Act crime is any crime required by the Clery Act to be reported annually to the university community. See “Clery Act Definitions” for definitions of Clery Act crimes. Up-to-date Clery Act crime

definitions are also available online at police.gmu.edu/clery-act-reporting/clery-crime-definitions.

Pastoral Counselor: A pastoral counselor is a person who is associated with a religious order or denomination, is recognized by that religious order or denomination as someone who provides confidential counseling, and is functioning within the scope of that recognition as a pastoral counselor.

Professional Counselor: A professional counselor is a person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification. This definition applies even to professional counselors who are not employees of the institution, but are under contract to provide counseling at the institution. An example is a professional mental health counselor, functioning in that capacity, at any of Mason's Counseling and Psychological Services (CAPS) locations.

Forms

CSA Crime Statistics Reporting Form: police.gmu.edu/clery-act-reporting/csa-form

Additionally, Mason does not have procedures that encourage pastoral and professional counselors, at their discretion, to inform those they counsel to report crimes in a voluntary, confidential manner for the purposes of collecting crime statistics.

MAKING THE ANNUAL SECURITY AND FIRE SAFETY REPORT AVAILABLE

The Annual Security and Fire Safety Report is made available annually, by October 1, to all current and prospective students and/or employees of the university. An electronic version is published on Mason Police's website, and additional hard copies of the report may be obtained by completing the Annual Security and Fire Safety Report Request Form at the following link: police.gmu.edu/annual-security-report/request-for-annual-security-report/. Additional hard copies are also available to walk-in customers at the Department of Police and Public Safety Headquarters (accessed from University Drive, in front of the Rappahannock River Parking Deck, on the Fairfax Campus). Upon completion of the Annual Security and Fire Safety Report, Mason Police notifies all members of the university community, through university email, of the report's availability on Mason Police's website at police.gmu.edu/annual-security-report.

CLERY ACT DEFINITIONS

The following information comes from a variety of sources, including the Department of Education's *Handbook for Campus Safety and Security Reporting* (2016); *Uniform Crime Reporting Handbook*; Sex Offenses definitions from the National Incident-Based Reporting System Edition of the Uniform Crime Reporting Program; and definitions of domestic violence, dating violence, and stalking adapted from the amendments made to the Violence Against Women Reauthorization Act of 2013. These definitions are used when preparing the annual disclosure of crime statistics.

- **Rape:** Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- **Fondling:** The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental incapacity.
- **Incest:** Nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- **Statutory Rape:** Nonforcible sexual intercourse with a person who is under the statutory age of consent. See page 57–59 for information regarding age of consent.

Domestic Violence: Violence committed by a current or former spouse or intimate partner of the complainant, by a person with whom the complainant shares a child in common, by a person who is cohabitating with or has cohabitated with the complainant as a spouse or intimate partner, by a person similarly situated to a spouse of the complainant under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or by any other person against an adult or youth complainant who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, type of relationship, and frequency of interaction between the persons involved in the relationship. For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety

of others, or suffer substantial emotional distress. Examples of stalking behaviors include, but are not limited to, nonconsensual communication, including face-to-face contact, telephone calls, voice messages, email, texts, written letters; unwanted gifts; threatening or obscene gestures; pursuing or following; surveillance or other observation; trespassing; vandalism; and nonconsensual touching.

Hate Crimes: If any of the aforementioned crimes, or larceny-theft; simple assault; intimidation; destruction, damage, or vandalism of property; or any other crime involving bodily injury, manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim's actual or perceived race, gender, gender identity, religion, sexual orientation, ethnicity/national origin, or disability, then the incident must be reported as a hate crime.

- 1. Larceny-Theft** is the unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Constructive possession is the condition in which a person does not have physical custody or possession, but is in a position to exercise dominion or control over a thing.
- 2. Simple Assault** is an unlawful physical attack by one person upon another where neither the offender displays a weapon, nor does the victim suffer obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.
- 3. Intimidation** is to unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.
- 4. Destruction/Damage/Vandalism of Property** is to willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

Weapon Law Violations: The violation of laws or ordinances dealing with weapon offenses, regulatory in nature, such as manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; and all attempts to commit any of the aforementioned.

Drug Abuse Violations: Violations of state and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs. The relevant substances include opium or cocaine and their derivatives

(morphine, heroin, codeine); marijuana; synthetic narcotics (Demerol, methadones); and dangerous non-narcotic drugs (barbituates, Benzedrine).

Liquor Law Violations: The violation of laws or ordinances prohibiting the manufacture, sale, transporting, furnishing, or possessing of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to a minor or intemperate person; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; and all attempts to commit any of the aforementioned. (Drunkenness and driving under the influence are not included in this definition).

Note about “unfounded” crimes: An institution may withhold, or subsequently remove, a reported crime from its crime statistics in the rare situation where sworn or commissioned law enforcement personnel have fully investigated the reported crime and, based on the results of this full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore “unfounded.” Only sworn or commissioned law enforcement personnel may “unfound” a crime report. The recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution, and the failure to make an arrest do not “unfound” a crime report.

CLERY CRIME GEOGRAPHIC CATEGORIES:

1. On-Campus—Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor). “Controlled by” means that Mason rents, leases, or has some other type of written agreement (including an informal one, such as a letter or an email) for a building or property, or a portion of a building or property. Even if there is no payment involved in the transaction, under Clery, a written agreement for use of space gives Mason control of that space for the time period specified in the agreement. “Reasonably contiguous” refers to a building or property Mason owns or controls that’s in a location that Mason considers to be, and treats as, an integral part of its main or core campus, and is covered by the same security policies as its main campus.

2. On-Campus Student Housing Facilities—Any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution and is within the reasonably contig-

uous geographic area that makes up the campus, is considered an on-campus student housing facility.

- 3. Public Property**—All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus or immediately adjacent to and accessible from the campus. Public property refers to property owned by a public entity, such as a city or state government.
- 4. Noncampus Buildings or Property**—Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

Note about Study-Abroad Trips: Mason may have Clery-reportable non-campus buildings or property if Mason has entered written agreements to rent or lease physical space for students in a hotel or student housing facility for a period of three or more days. Clery crimes are reportable if they occur in physical spaces that Mason owns or controls (e.g., hotel rooms, apartments, etc.) or areas that are used to access those physical spaces for the period of time specified in a written agreement.

If you have any questions about the preparation of the Annual Security and Fire Safety Report, please contact Mason's Clery Compliance Coordinator at 703-993-5497 or cleryact@gmu.edu.

1 Crimes that occur during Study-Aboard Trips may be reportable if they occur in physical spaces that Mason owns or controls, or in areas that are used to access those physical spaces, such as hotels and apartments, for the period of time specified in a written agreement. Per federal guidelines, these areas are considered part of Mason's Noncampus Property for crime reporting purposes. *The On-Campus, On-Campus Student Housing, and Public Property Clery Crime Geographic Categories do not apply to Study-Aboard Trips at Noncampus locations.*

2 "Unfounded Crimes" are Clery Act crimes, reported to have occurred on Clery Act geography, thoroughly investigated by sworn or commissioned law enforcement personnel, and found through investigation to be false or baseless, meaning that the crime did not occur and was never attempted.

About Mason Police

ROLE, AUTHORITY, AND TRAINING

Mason police officers are state-certified police officers empowered to enforce all state and local laws with the authority to make arrests and carry firearms, and are trained in emergency first aid, criminal law, criminal investigation, defensive tactics, crime prevention, use of firearms, sexual assault victim counseling, crisis intervention, crowd control, and enforcement of traffic regulations. A criminal background investigation is completed on all police personnel. Available 24 hours a day year-round, Mason police officers regularly patrol the streets, parking lots, buildings, and grounds of the Fairfax, Arlington, and Science and Technology Campuses. In addition to motor and foot patrols, casually uniformed officers from the Community Outreach Patrol use bicycles to monitor the grounds, particularly those areas not readily accessible by patrol car. The bicycle patrol enhances communication between officers and persons on campus and improves response time. Mason police officers are responsible for maintaining order and public safety during all university events, such as those held at the EagleBank Arena, the Center for the Arts, and the Hylton Performing Arts Center.

Mason Police Mission Statement

The mission of the George Mason University Department of Police and Public Safety is to provide a safe and secure environment for all university employees, students, and guests. WORKING RELATIONSHIP WITH LOCAL, STATE, AND FEDERAL LAW ENFORCEMENT AGENCIES

Mason police officers do not actively monitor off-campus activity. However, Mason police does maintain a close working relationship with the Virginia State Police; the police departments of Fairfax County, Arlington County, Prince William County, the City of Fairfax, the City of Manassas, and the Loudoun County Sheriff's Office. Mason Police also exchanges information concerning off-campus criminal activities involving students with local and state police as a part of the Northern Virginia Mutual Aid Agreement. The Incheon Yeonsu Police Station in Incheon, South Korea, is responsible for investigating and responding to all reports of crime at Mason Korea. As a participant in the National Crime Information Center and the Virginia Crime Information Network, Mason Police shares information with other police agencies nationwide. Through its membership in a wide network of other regional, state, and international law enforcement organizations, Mason Police can exchange information used in investigating crimes and learn new crime prevention techniques.

Emergency Response and Evacuation Procedures

EMERGENCY RESPONSE

Notify Mason Police or local police at 9-1-1 in case of emergency. For students and faculty at Mason Korea, notify local police by calling 1-1-2 (police) or 1-1-9 (fire/medical).

All members of the Mason community are notified on an annual basis that they are required to notify Mason or local emergency services of any situation that involves a significant emergency or danger that may pose an immediate or ongoing threat to the health and safety of the campus community. Mason Police and/or outside law enforcement agencies respond to such situations to assess the potential threat and summon the necessary resources to mitigate, investigate, or document any situation that may pose a significant emergency or danger. In addition, Mason Police and/or outside law enforcement respond to such incidents to determine if the situation does in fact pose an immediate threat to the community. If an immediate threat does exist, federal law requires that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation.

EVACUATION AND EMERGENCY PROCEDURES

Emergency Notifications

PROCEDURES USED TO NOTIFY THE CAMPUS COMMUNITY

In the event of a significant emergency or dangerous situation involving the immediate threat to the health or safety of persons on the campus, Mason will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system unless issuing a notification will, in the professional judgement of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Confirming the Existence of a Significant Emergency or Dangerous Situation and Initiating the Emergency Notification System

1. Mason Police and/or other first responders may become aware of a critical incident or other emergency situation that potentially affects the health or safety of the campus community. Generally, campus first responders become aware of these situations when they are reported to Mason's Emergency Communications Center or upon discovery during patrol or other assignments.
2. Once first responders confirm that there is, in fact, an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the campus community, first responders will notify supervisors at Mason Police or the Environmental Health and Safety Office (EHS) to issue an emergency notification.
3. The chief of police; assistant vice president for safety, emergency, and enterprise risk management; or their designee will make the appropriate notifications to Mason's executive leadership and initiate all or some portions of Mason's emergency notification system.
4. If, in the professional judgment of first responders, issuing a notification potentially compromises efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency, Mason may elect to delay issuing an emergency notification. As soon as the condition that may compromise efforts is no longer present, Mason will issue the emergency notification to the campus community.

Determining the Appropriate Segment or Segments of the Campus Community to Receive an Emergency Notification

Mason Police and/or local first responders on the scene of a critical incident

or dangerous situation will assist those preparing the emergency notification in determining what segment or segments of the Mason community should receive the notification. Generally, Mason officials will distribute the notification to the entire campus community.

Determining the Contents of the Emergency Notification Procedures Used to Notify the Campus Community

Mason Police shares responsibility with EHS for issuing emergency notifications and determining the contents of the notifications. Mason has developed a wide range of template messages addressing several different emergency situations. The individual authorizing the alert will select the template message most appropriate to the ongoing situation and modify it to address the specifics of the present incident. In those cases where there are no predetermined template messages in the system, the individual authorizing the alert will develop a message to convey the appropriate information to the community. Messages are designed to convey the nature of the emergency and response actions that should be taken to protect life, property, and the environment.

Emergency Notification Procedures Applicable to Mason Korea

In the event that there is a need to alert the campus of an emergency, emergency notification will be activated and approved by the president and provost. Emergency notifications will be sent to all students, employees, and affiliate universities via email and text message. Incheon Global Campus Foundation is responsible for notifying affiliate universities of emergency situations.

The procedures for issuing an emergency notification message are as follows:

- Upon awareness of an emergency, the president of George Mason University Korea will direct the manager or assistant manager of Academic and Student Affairs to distribute notification on their behalf.

ENROLLING IN MASON ALERT—EMERGENCY NOTIFICATION SYSTEM

Mason Alert is George Mason University's emergency notification system that is used to send emergency notifications and timely warnings to the university community via text, email, telephone call, and digital signage.

How to Manage Mason Alert Email Addresses

All university students and employees are automatically enrolled in Mason Alert and are strongly advised to register one or more cell phones in the Mason Alert System to ensure they receive emergency messages.

For more information on how to manage your Mason Alert account, visit alert.gmu.edu.

Parents, Guardians, Family, and Friends

Please ask your student(s) to register all of your appropriate cell phone numbers and email addresses on their [@masonlive.gmu.edu](https://masonlive.gmu.edu) or [@gmuedu](https://gmuedu) accounts to allow the university to maintain your account for the duration of your student's time at Mason.

If you have any questions or concerns about the Mason Alert Emergency Notification System, please send an email to alert@gmu.edu. Please visit ready.gmu.edu for information about emergency management at Mason and emergency preparedness resources.

Annual Notification and Testing of Emergency Response Procedures

DRILLS, EXERCISES, AND TRAINING

The Environmental Health and Safety Office (EHS) conducts a variety of testing activities throughout the year. For questions about routine drills, exercises, and training, please contact EHS at 703-993-8448 or safety@gmu.edu.

Earthquake Drills

Each October, Mason participates in the Great Southeast Shakeout Earthquake Drill. This drill is designed to promote awareness of earthquake response procedures. This earthquake drill is announced via Mason Alert. Participation is voluntary, but all are encouraged to participate. Information on how to prepare for and respond to an earthquake is available in the *Earthquake Preparation and Response Guide* at ready.gmu.edu.

Tornado Drills

Each March, Mason participates in a statewide Tornado Drill. This drill is designed to promote awareness of tornado and severe weather response procedures. This earthquake drill is announced via Mason Alert. Participation is voluntary, but all are encouraged to participate. Information on how to prepare for and respond to tornados and severe weather is available in the *Tornado and Severe Weather Response Guide* at ready.gmu.edu.

Fire Drills

Fire Drills are conducted on campus in accordance with the Virginia Statewide Fire Prevention Code. Drills are held in all university buildings and are unannounced. Primary entrances to buildings are posted with an evacuation drill notice one day prior to the drill. Building contacts may request that signs not be posted. For more information on fire drills, please reference the *University Fire Safety Plan* at ready.gmu.edu.

Emergency Exercises

Annually, Mason conducts tabletop, function, and/or full-scale emergency exercises with the Executive Council and the university's Emergency Operations Group. These exercises are designed to prepare university personnel to respond to various emergencies that may occur on campus, recover from emergencies as quickly as possible, and provide the appropriate support to students, employees, and university operations.

Testing

Emergency evacuation and fire drills are required for all university buildings. The frequency of fire drills is dependent upon occupancy and use, and must be conducted in accordance with the Virginia Statewide Fire Prevention Code and International Fire Code. All emergency evacuation drills are scheduled and conducted by EHS. The frequency and required participation of fire drills is as follows:

GROUP OR OCCUPANCY	FREQUENCY	EXAMPLES
Assembly Buildings Group A	Quarterly	EagleBank Arena, Center for the Arts, Johnson Center
Educational / Business Group B	Annually	Innovation Hall, Research Hall, Thompson Hall
Adult and Child Care Group E	Monthly	Child Development Center
Residence Halls Group R-2	Four Annually	Northern Neck, Commonwealth Hall, Wilson Hall

Timely Warning Notifications

Mason is required by federal law to issue timely warnings to the campus community when there is information that a Clery Crime or pattern of Clery Crimes has occurred on the university's Clery geography that is considered by the institution to represent a serious or continuing threat to campus safety.

CRIMES SUBJECT TO TIMELY WARNING NOTIFICATIONS

- Criminal homicide (murder and non-negligent manslaughter; and negligent manslaughter)
- Sex offenses (rape, fondling, incest, and statutory rape)
- Robbery
- Aggravated assault
- Burglary
- Motor vehicle theft
- Arson

- Hate crime motivated by race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and/or disability involving any of the offenses listed above or any of the following offenses: larceny-theft, simple assault, intimidation, or destruction/damage/vandalism of property
- Dating violence
- Domestic violence
- Stalking
- Arrests or referrals for liquor law violations, drug law violations, and illegal weapons possession

ISSUING A TIMELY WARNING NOTIFICATION

The chief of police or designee, with consultation with university senior leadership, makes the decision whether to issue a timely warning on a case-by-case basis in light of all the facts surrounding the incident. Timely warnings are issued as soon as possible after Mason Police is notified; however, the release of the warning is subject to the availability of accurate facts concerning the incident. Criteria to be evaluated may include:

- The nature of the crime
- The continuing danger to the campus community
- The possible risk of compromising law enforcement efforts

Timely warnings include information that promotes safety and would aid in the prevention of similar crimes, including, but not limited to:

- Brief description of the crime(s) that occurred
- Date and time when the crime(s) occurred
- Location of the crime(s)
- Possible connections between incidents (if applicable)
- Description of suspect(s) and/or any available information to aid in the apprehension of the offender(s) (if applicable)
- Recommended actions
- Precautions for the campus community to protect itself
- Description of crime reporting options at the university

Timely warnings are issued to the campus community in a manner that is timely and that withholds as confidential the names and other identifying

information of victims through one or more electronic communications, including, but not limited to, university email with the assistance of the director of Strategic Communications or designee, Mason Police's website, or social media outlets.

Every effort is made to prevent identifying victims of crime.

The most recently issued Time Warnings are available online at police.gmu.edu.

Daily Crime and Fire Log

In accordance with the Clery Act, Mason must keep a crime log of all reported crimes that occur on and near property owned or controlled by the university for the most recent 60-day period. Additionally, Mason must keep a fire log of all reported fires that occur in on-campus student housing facilities for the most recent 60-day period. Crime and fire logs are open to public inspection, upon request, during normal business hours. Crime and fire logs older than 60 days are available within two business days of a request for public inspection.

An electronic version of the combined Daily Crime and Fire Log is posted on Mason Police's website within two business days of receiving a report (police.gmu.edu/crime-log-test), and is also made available, in hard-copy format, to walk-in customers from Mason Police's Records Office located in the front lobby area of the Department of Police and Public Safety Headquarters (accessed from University Drive, in front of the Rappahannock River Parking Deck, on the Fairfax Campus). The Records Office is open to the public Monday through Friday, 8 a.m. to 4 p.m. (closed between noon and 12:30 p.m., and holidays).

Security of and Access to University Facilities

Security and fire safety considerations go into the planning and design of all campus buildings. Sidewalks and building entrances are illuminated to provide well-traveled, lighted routes from parking areas to buildings, and from building to building. Mason encourages community members to promptly report any security concerns, including concerns about locking mechanisms or lighting to Mason Police. Upon request, Mason Police will evaluate the security strength of university offices and residences and recommend corrective action. Mason

Police also works closely with Facilities Management to ensure prompt repair of maintenance issues that pose a safety or security concern to the community. All university buildings can be secured by a key or card-lock system. Students are given keys or electronic access to their residence halls, and authorized faculty and staff are issued keys to their workplaces. After-hours access to locked academic buildings is restricted to authorized persons holding keys or electronic access cards for the facilities.

SPECIAL CONSIDERATIONS FOR RESIDENCE HALL ACCESS

On campus, most residence halls operate under a computerized Access Control and Security Monitoring System. Identification cards are coded so that only students who are residents in a particular hall are authorized electronic access entry to that hall; the system denies entry to all unauthorized persons. All members of the Mason housing community are reminded to lock all doors and windows. Most residence hall and apartment exterior doors are equipped with locks and with crash bars to ensure a quick emergency exit. Only residents and their invited guests are permitted in the living areas of the residence halls. It is the resident's responsibility to ensure that their guest is aware of and abides by Mason's policies. Guests are not provided with room keys or door access cards. Residence halls and neighborhood desks are staffed 24 hours a day. Incheon Global Campus security guards patrol the Mason Korea Campus 24 hours a day.

SECURITY LIGHTING, EMERGENCY CALLBOXES, AND SECURITY CAMERAS

Parking lots, sidewalks, and all major walkways are lit at night. On an annual basis, Student Government hosts a Night Walk where members of the Student Government and university administrators patrol the campus and assess every area for safety concerns, suggestions, and feedback. Emergency callboxes are located around the Arlington Campus only. The callboxes ring directly to Mason Police's Emergency Communications Center. Security cameras are strategically located throughout the Arlington, Science and Technology, Fairfax, and

Korea Campuses. The Songdo Global University Foundation is responsible for mounting, monitoring, and maintaining appropriately placed security cameras at Mason Korea.

SECURITY OFFICERS AND POLICE CADETS

Mason also employs security officers and police cadets to support the university and the mission of the police department. Security officers are non-sworn employees who patrol the Fairfax, Arlington, and Science and Technology Campuses on foot, and provide security in the buildings 24 hours a day. Police cadets staff the escort service, perform security patrols, and supplement officers at special events on the Fairfax Campus. Police cadets are part-time student employees who perform their duties under supervision of Mason Police. Incheon Global Campus security guards patrol the Mason Korea Campus 24 hours a day.

SECURITY ESCORT SERVICE

Upon request, Mason police officers or cadets will accompany members of the Fairfax, Arlington, and Science and Technology Campuses between academic or residence buildings and parking lots. Escorts carry photo IDs at all times. They also carry flashlights, wear reflective clothing, and maintain communication with a communications officer via two-way radio. To request an escort, call Mason Police at 703-993-2810.

Crime Prevention and Safety Awareness Programs

Periodically throughout the year, Mason Police, in collaboration with other university organizations and departments, present at new student orientations, new hire orientations, and other events on campus. Listed below are a sampling of programs and services offered by Mason Police.

Personal Safety Tips

Mason's safety and security measures are designed to address every area of campus life, but a safe environment also depends on the awareness and cooperation of individual community members.

Here are some common-sense steps you can take for personal safety and loss prevention:

- Do not leave laptops, mobile phones, backpacks, or other personal items unattended for any length of time.
- Remember to call 9-1-1 in case of an emergency (for Mason Korea, call 1-1-9 or 1-1-2).

- Know the nonemergency phone number of Mason Police: 703-993-2810. Program it into your cell phone.
- Notify Mason Police, campus security, or a university employee of any individual who appears not to have legitimate business on campus or whose actions arouse suspicion or concern.
- Remain alert, pay attention to your surroundings, and avoid listening to musical devices to make it more difficult to be taken by surprise.
- When traversing the campus at night, stay within well-lit walkways. Do not take shortcuts through wooded areas.
- Never prop doors open, even for a short time.
- Park in well-lit areas, and check the inside of your vehicle before entering it.
- Although the campuses are considered safe, students and staff are encouraged to walk in pairs or groups after dark. Students may request a security escort by calling Mason Police at 703-993-2810.
- Avoid using stairs in remote sections of a building.
- Avoid working or studying alone in a building at night.
- Keep car doors and windows locked.
- Keep the doors and windows to your residence locked, even if you will be gone only a short time.
- Keep your bike locked in a rack or storage facility when not using it.
- Carry only the credit cards and cash you need for the day, and do not conduct ATM transactions alone, especially at night.
- Carry a small flashlight and whistle with you.
- Keep your keys in your possession. Never place them under mats or in other obvious hiding places.
- If your purse or wallet is snatched, do not fight back. Consider throwing it to the ground, running in the other direction, and reporting the incident to the Mason Police immediately.
- Do not put an ID tag with your name, address, or license number on your key chain; if lost, the key chain could lead to theft.
- Do not put personal information on social networking sites.
- Do not accept drinks from strangers or leave drinks unattended.

Programs to Prevent Sexual Violence

Mason prohibits sexual violence, which includes the crimes of dating violence, domestic violence, sexual assault, and stalking. Mason is committed to increasing the awareness of and helping prevent sexual violence. All incoming students and new employees are provided with programming and strategies intended to prevent rape, acquaintance rape, sexual assault, domestic violence, dating violence, and stalking before it occurs.

Awareness Programs are community-wide or audience-specific programming, initiatives, and strategies that increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration.

Ongoing Prevention and Awareness Campaigns feature programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking, using a range of strategies with audiences throughout the institution and including information described in Mason's most recent Annual Security Report.

Primary Prevention Programs focus on programming, initiatives, and strategies informed by research or assessed for value, effectiveness, or outcome that are intended to stop dating violence, domestic violence, sexual assault, and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.

Ongoing prevention and awareness campaigns are also offered throughout the year. These programs include:

- **Turn off the Violence:** Each October since 1997, the Student Support and Advocacy Center (SSAC) sponsors a week dedicated to helping the Mason community work to end violence against women and honor its victims. The week brings awareness of sexual violence and dating/partner violence to campus. Turn Off the Violence Week events include the Clothesline Project and Mason's annual Take Back the Night rally.
- **The Clothesline Project:** Developed in 1990, the Clothesline Project is a global effort to raise awareness of sexual and intimate partner violence. Survivors and supporters can decorate shirts to honor victims and break the silence surrounding these crimes. The Clothesline is an educational tool for the community, a healing tool for survivors, and a reminder to victims that

they are not alone. By designing a shirt, survivors and their supporters gain a voice and promote healing. The project is especially eye-opening for those who have never thought about sexual violence and dating/partner violence and its occurrence on Mason's campuses.

- **Annual Victims' Rights 5K Run/Walk:** Each year, University Life departments, Mason Athletics, Mason Police, and community sponsors host the Annual Victims' Rights 5K Run/Walk to honor crime victims and those who advocate on their behalf.
- **V-DAY:** The Student Support and Advocacy Center partnered with Women and Gender Studies to host the 20th annual *Vagina Monologues* production, which centers on the personal stories of women and trans survivors, to unite to end violence against those same communities around the world. Proceeds from the production went to the Mason Victims' of Violence Fund, which directly supports student survivors of sexual and interpersonal violence at George Mason University.
- **One Love Foundation Escalation Workshop:** This is a powerful, emotionally engaging, 90-minute film-based workshop that educates the community about relationship violence and empowers individuals to work for change. The program is research-based and is facilitated by trained student leaders.
- **AnyOne Can Step UP!** The Step UP! program is designed to help students learn strategies and techniques to intervene both directly and indirectly in emergency and nonemergency situations. The program contains support materials to address a wide range of issues, including academic integrity, alcohol abuse, anger, depression, discrimination, disordered eating, gambling, hazing, relationship abuse, and sexual assault.

- **Take Back the Night:** International grassroots marches and rallies have advocated against sexual violence throughout the past 30 years under the slogan Take Back the Night (TBTN). TBTN Foundation was created in 2001 to support these efforts and to fashion a movement of awareness, empowerment, healing, and support. Sponsored rallies, marches, and vigils give voice to survivors of rape, sexual assault, sexual abuse, and domestic violence. The rally provides a safe place to celebrate the night without fear and creates awareness in the larger community. Mason hosts TBTN each fall during Turn Off the Violence Week. Started in 1997 by SSAC, this event incorporates a rally with speakers, performances, and a march through campus. The rally is co-sponsored by the Women and Gender Studies Department and the Feminist Student Organization.
- **Survivor Space:** Following Take Back the Night, Survivor Space began in 2000 as a way for survivors to join SSAC in speaking out against sexual and domestic violence. Survivors of recent or previous sexual abuse, sexual assault, or intimate partner violence are welcome to find and offer support and encouragement. In this supportive and safe setting, participants can explore the impact their victimization has had on their lives by relating with others who have experienced similar traumas. Counselors and advocates are also available to help individuals interested in privately discussing an incident or working through any difficulties. Survivor Space takes place in the fall.
- **Chapter Next GMU:** The Women and Gender Studies Center, LEAD, and the Student Support and Advocacy Center initiated the next step in sexual and interpersonal violence prevention on campus as a call to action to encourage ongoing discussions, action, programming, and advocacy in the university goal of eradicating sexual and interpersonal violence through an interactive education event centering on the experiences of survivors on campus and primary prevention.
- **Emerge:** Emerge is a training program hosted by SSAC that prepares members of the Mason community to respond to survivors of sexual and relationship violence and to create a network of faculty, staff, and students dedicated to supporting survivors.
- **Denim Day:** Every April, SSAC hosts a Denim Day event drawing attention to sexual assault and educating the Mason community that it is NEVER the fault of the victim. This campaign began in 1992 when a rapist's conviction was overturned on appeal in Rome, Italy. The judge announced that the victim's jeans were so tight, she had to assist the rapist in removing them and that constituted "consent." Women in the Italian Parliament wore jeans and carried signs in protest, and the California legislature brought this issue home.

Since then, Denim Day has been an opportunity to remind the community that clothing choices do not communicate consent to any sexual contact. SSAC has hosted a variety of Denim Day events, most recently a fashion show in Mason's largest food court.

- **Student Programs/Workshops:** SSAC offers a variety of free programming options to Mason that are frequently used by professors of freshmen, by the Honors College, and by various on-campus organizations. Topics include bystander intervention, sexual assault, healthy relationships, stalking, relationship violence, and consent (with or without an alcohol component).
- **Campus Clarity:** *Think About It* is an ongoing online substance and sexual abuse training program that prepares students to confront and prevent serious campus problems. Our program delivers Title IX and Campus SaVE Act training with a nonjudgmental approach to effectively reach students. It is offered to all freshmen and transfer students.

Definition of Consent in Reference to Sexual Activity

AFFIRMATIVE CONSENT DEFINED BY UNIVERSITY POLICY 1202: SEXUAL AND GENDER-BASED HARASSMENT AND OTHER INTERPERSONAL VIOLENCE

(The full description of Affirmative Consent per University Policy #1202 is available at universitypolicy.gmu.edu/policies/sexual-harassment-policy).

Affirmative Consent is:

- Informed (knowing)
- Voluntary (freely given)
- Active (not passive), meaning that, through the demonstration of clear words or actions, a person has indicated permission to engage in mutually agreed-upon sexual activity

Affirmative Consent cannot be obtained by Force. Force includes (a) the use of physical violence, (b) threats, (c) intimidation, and/or (d) coercion.

- **Physical violence** means that a person is exerting control over another person through the use of physical force. Examples of physical violence include hitting, punching, slapping, kicking, restraining, choking, and brandishing or using any weapon.
- **Threats** are words or actions that would compel a reasonable person to engage in unwanted sexual activity. Examples include threats to harm a person physically, to reveal private information to harm a person's reputation, or to cause a person academic or economic harm.
- **Intimidation** is an implied threat that menaces or causes reasonable fear in another person. A person's size, alone, does not constitute intimidation; however, a person's size may be used in a way that constitutes intimidation (e.g., blocking access to an exit).
- **Coercion** is the use of an unreasonable amount of pressure to gain sexual access. Coercion is more than an effort to persuade, entice, or attract another person to have sex. When a person makes clear a decision not to participate in a particular form of sexual contact or sexual intercourse, a decision to stop, or a decision not to go beyond a certain sexual interaction, continued pressure can be coercive. In evaluating whether coercion was used, the university will consider the:
 - frequency of the application of the pressure;
 - intensity of the pressure;
 - degree of isolation of the person being pressured; and
 - duration of the pressure.

Affirmative Consent cannot be gained by taking advantage of the incapacitation of another, where the person initiating sexual activity knew or reasonably should have known that the other was incapacitated. Incapacitation means that a person lacks the ability to make informed, rational judgments about whether or not to engage in sexual activity.

A person who is incapacitated is unable, temporarily or permanently, to give Affirmative Consent because of mental or physical helplessness, sleep, unconsciousness, or lack of awareness that sexual activity is taking place. A person may be incapacitated as a result of the consumption of alcohol or other drugs, or due to a temporary or permanent physical or mental health condition.

The university offers the following guidance on Affirmative Consent and assessing incapacitation:

- A person who wants to engage in a specific sexual activity is responsible for obtaining Affirmative Consent for that activity. Lack of protest does not constitute Affirmative Consent. Lack of resistance does not constitute Affirmative Consent. Silence and/or passivity also do not constitute Affirmative Consent. Relying solely on nonverbal communication before or during sexual activity can lead to misunderstanding and may result in a violation of this policy. It is important not to make assumptions about whether a potential partner is consenting. In order to avoid confusion or ambiguity, participants are encouraged to talk with one another before engaging in sexual activity. If confusion or ambiguity arises during sexual activity, participants are encouraged to stop and clarify a mutual willingness to continue that activity.
- Affirmative Consent to one form of sexual activity does not, by itself, constitute Affirmative Consent to another form of sexual activity.
 - For example, one should not presume that Affirmative Consent to oral-genital contact constitutes Affirmative Consent to vaginal or anal penetration. Affirmative Consent to sexual activity on a prior occasion does not, by itself, constitute Affirmative Consent to future sexual activity. In cases of prior relationships, the manner and nature of prior communications between the parties and the context of the relationship may have a bearing on the presence of Affirmative Consent.
- Affirmative Consent may be withdrawn at any time. An individual who seeks to withdraw Affirmative Consent must communicate, through clear words or actions, a decision to cease the sexual activity. Once Affirmative Consent is withdrawn, the sexual activity must cease immediately.
- In evaluating Affirmative Consent in cases of alleged incapacitation, the university asks two questions: (1) Did the person initiating sexual activity know that the other party was incapacitated? and if not, (2) Should a sober, reasonable person in the same situation have known that the other party was incapacitated? If the answer to either of these questions is “YES,” Affirmative Consent was absent and the conduct is likely a violation of this policy.
- Incapacitation is a state beyond drunkenness or intoxication. A person is not necessarily incapacitated merely as a result of drinking or using drugs. The impact of alcohol and other drugs varies from person to person.
- One is not expected to be a medical expert in assessing incapacitation. One must look for the common and obvious warning signs that show that a person may be incapacitated or approaching incapacitation. Although every

individual may manifest signs of incapacitation differently, typical signs include slurred or incomprehensible speech, unsteady gait, combativeness, emotional volatility, vomiting, or incontinence. A person who is incapacitated may not be able to understand some or all of the following questions: “Do you know where you are?” “Do you know how you got here?” “Do you know what is happening?” “Do you know whom you are with?”

- One should be cautious before engaging in sexual contact or sexual intercourse when either party has been drinking alcohol or using other drugs. The introduction of alcohol or other drugs may create ambiguity for either party as to whether Affirmative Consent has been sought or given. If one has doubt about either party’s level of intoxication, the safe thing to do is to forego all sexual activity.
- Being impaired by alcohol or other drugs is no defense to any violation of this policy.

Safe and Positive Options for Bystander Intervention

Everyone has a role to play in preventing sexual violence. There are many different ways that you can step in or make a difference if you see someone at risk. This approach to preventing sexual violence is referred to as “bystander intervention.”

Bystander Intervention involves safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, sexual exploitation, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

- Be aware of comments and behaviors from others that would indicate they are intent on having sexual intercourse even if a partner is unwilling.
- Notice if someone is getting ready to have sexual intercourse with a partner who is incapacitated.
- Never pressure or encourage friends to drink or have sex as often or with as many people as possible.

- Never joke about sexual assault; comments and jokes that are meant to “ease the tension” or are “just kidding around” can trivialize the severity of the behavior.
- Know your level of comfort with conversations and talk about sexual behavior. If you find groups or individuals who talk about sexual relationships that are not in sync with how you feel, or the type of relationship you want, do not be afraid to state your position.
- Many perpetrators are unaware that what they have done is a crime. They may say, “Yeah, that was messed up, but it was fun.” Let them know that what they did was not right and was against the law.

Your role in preventing sexual violence

The key to keeping your friends safe is learning how to intervene in a way that fits the situation and your comfort level. Having this knowledge on hand can give you the confidence to step in when something isn't right. Stepping in can make all the difference, but it should never put your own safety at risk.

- **Create a distraction.** Do what you can to interrupt the situation. A distraction can give the person at risk a chance to get to a safe place. Cut off the conversation with a diversion like, “Let's get pizza, I'm starving,” or “This party is lame. Let's try somewhere else.” Bring out fresh food or drinks and offer them to everyone at the party, including the people you are concerned about. Start an activity that draws other people in, like a game, a debate, or a dance party.
- **Ask directly.** Talk directly to the person who might be in trouble. Ask questions such as “Who did you come here with?” or “Would you like me to stay with you?”
- **Refer to an authority.** Sometimes the safest way to intervene is to refer to a neutral party with the authority to change the situation, such as a resident assistant, security guard, bartender, or other employee. It's in their best interest to ensure that their patrons are safe, and they will usually be willing to step in. Don't hesitate to call 9-1-1 if you are concerned for someone else's safety.

- **Enlist others.** It can be intimidating to approach a situation alone. Enlist another person to support you or to come with you to approach the person at risk. Or ask someone to intervene in your place. For example, you could ask someone who knows the person at risk to escort that person to the bathroom. Enlist the friend of the person you're concerned about by saying, "Your friend looks like they've had a lot to drink. Can you check on them?"

SSAC offers bystander intervention training to help you identify risky situations and practice intervention techniques. Check out ssac.gmu.edu or contact the SSAC office at 703-993-3686 for upcoming AnyOne Can STEP UP! training sessions.

If you become aware that a sexual assault has occurred or are told of an assault occurring

- Believe the person.
- Tell the victim it is not their fault.
- Encourage the victim to talk to a professional, such as someone from SSAC (confidential resource), Mason Police, the dean of students, or the campus health center. Realize, however, there may be reasons that the person does NOT want to do that at this time. Respect that decision.
- Don't pry or try to get information out of the person if they are unwilling to be forthcoming with information. Be ready to listen when the individual is ready to talk.
- If you learn of the perpetrator's identity, don't suggest physical retaliation of any kind.
- Know available resources.
- Listen.
- Be patient.

Sexual Violence Risk Reduction

The following are some strategies to reduce one's risk of sexual violence (adapted from the Rape, Abuse, and Incest National Network at www.rainn.org and Love is Respect at www.loveisrespect.org). Risk reduction options are designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

If someone is pressuring you:

If you need to get out of an uncomfortable or scary situation, here are some things that you can try:

- **Remember that being in this situation is not your fault.** You did not do anything wrong; it is the person who is making you uncomfortable who is to blame.
- **Be true to yourself.** Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
- **Have a code word** with your friends or family so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come get you or make up an excuse for you to leave.
- **Lie.** If you don't want to hurt the person's feelings, it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
- **Try to think of an escape route.** How would you try to get out of the room? Where are the doors or windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
- If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

In a social situation:

- When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
- Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately.
- Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, get a new one.
- Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
- Make or order your own drinks and never feel pressured to have "just one more."
- Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
- If you suspect you or a friend has been drugged, contact law enforcement immediately. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).

Say It with Compassion:

How to Have a Conversation with Someone Who Has Revealed Sexual Violence

Unlike victims of other crimes, survivors of sexual violence are chronically accused of lying. It's an epidemic of distrust that impacts student reporting and healing. Sexual violence poses significant challenges to victims' physical, emotional, and academic wellness. A number of factors have an impact on victims' healing, including the response they get when they disclose to others. Here is a list of things to say to ensure you respond with compassion and sensitivity. As a visible and respected member of our campus community, you have the opportunity to support victims' healing and encourage more students to come forward.

What to do/say:

- **Respond.** If a student reveals what happened to you over email, it may be easy to ignore that aspect of the conversation and not acknowledge what was disclosed. This can be very invalidating and harmful.
- **Inform them.** Tell them that you are responsible for reporting what they have disclosed to you and that they can continue, but if they want a confidential source there are places on campus they can go.
- **Start by believing.** Tell them you believe them. By providing a safe space free of accusation, you allow the student to be comfortable. This may make them feel secure enough to be open to other resources.

- **Remind them that their assault was not their fault.** Survivors are often blamed for putting themselves in situations that “allowed” them to be assaulted. This is not the case and you should reassure them of that.
- **Ask how you can help them.** By giving them a space to talk, you are already providing a number of things for a survivor of sexual violence; by knowing what options are available to students and how you can support them, you are helping them on a path to recovery.
- **Let them know how they choose to proceed is entirely up to them.** Let them know they have options. Know confidential resources on campus and encourage them to connect with these experts to discuss their options and get support.

What not to do/say:

- **Do not place the blame on the student coming forward.** Do not ask what they were wearing, why they decided to drink, why they left alone, or any similar questions suggesting that it is the responsibility of the victim to avoid being assaulted.
- **Do not tell them they have to go to the police.** Sexual violence is a traumatic experience. It is possible that exposure to some form of authority may worsen that trauma.

Stalking is not defined by South Korea.

Procedures Victims Should Follow in Cases of Sexual Violence

IF THE ASSAULT JUST OCCURRED

- Remember the assault was not your fault.
- Make sure you are in a safe place.
- **If you do not feel safe and need immediate police or medical assistance, call 9-1-1.** Police can also take you to the hospital or meet you there.
- **For students at Mason Korea, call 1-1-2.**
- Contact someone who can help you: a friend, police, Mason's Student Support and Advocacy Center (SSAC)—any or all of the above. You can reach SSAC at any time by calling the **24-hour Sexual and Intimate Partner Violence Crisis Line: 703-380-1434.**
- Get medical attention at a hospital emergency room right away. You do not have to report the incident to the police to be seen in the emergency room or to have an evidence-gathering exam (e.g., using a physical evidence recovery kit, or PERK).

- Seek medical help whether or not you want to report the incident. You may have injuries you are not aware of, and a doctor can help you do what you can to prevent pregnancy or sexually transmitted infections.
- Do not shower, drink or eat, douche, or change your clothes. These activities destroy important physical evidence in the event that you decide to press criminal charges against the assailant.
- As soon as you have a quiet moment, write down everything that you remember happening, with as much detail as possible. This will help with your own healing process and in any legal action you might decide to take.

PRESERVING PHYSICAL EVIDENCE

If an incident of sexual assault, domestic violence, dating violence, or stalking occurs, it is important to preserve evidence to aid in the possibility of a successful criminal prosecution. The victim of a sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical exam. Any clothing removed should be placed in a paper bag. Evidence of violence, such as bruising or other visible injuries following an incident of domestic or dating violence should be documented including through the preservation of photographic evidence. Evidence of stalking including any communication, such as written notes, voicemail, or other electronic communications, should be saved and not altered in any way. For more information about how to preserve evidence, contact Mason Police at 703-993-2810.

MEDICAL EXAM FOLLOWING SEXUAL ASSAULT

If you go to a hospital as a result of a sexual assault, you are entitled to a free evidence collection examination performed by a sexual assault nurse examiner. In Northern Virginia, the preferred hospital for such an exam is Inova Fairfax Hospital where they have specially trained nurses on call 24 hours a day for such purposes. Inova Fairfax Hospital provides care to sexual assault victims no matter where in Northern Virginia the crime occurred. The nurse will collect the evidence and ask the police in the jurisdiction where the crime occurred to pick it up and store it for at least six months. The evidence will be in a box marked only with a number, not your name. You are not required to make an official police report for this evidence to be collected. If you later decide to make such a report, the hospital will give your name to the police and the evidence kit will be tested for possible use in a court case. For assistance in this process, contact the Student Support and Advocacy Center at 703-380-1434.

IF THE ASSAULT OCCURRED SOME TIME AGO

You may just now be realizing that your experience was unwanted, or may finally be ready to call the experience a sexual assault. Even if the incident did not take place recently, you still have options.

- Remember that sexual assault is never your fault. Believe in yourself. Get the support you deserve and give yourself time to heal.
- Consider seeking medical attention. You may still need treatment of physical symptoms.
- Seek counseling. Unresolved experiences of sexual assault can have long-term psychological and social effects.
- Take advantage of resources that are there for you. Consult with the Student Support and Advocacy Center (SSAC) to explore your options regarding
 - receiving medical care
 - reporting the incident to the police
 - pursuing campus judicial intervention
 - seeking academic or administrative intervention
 - SSAC is located on the Fairfax Campus in SUB I, Suite 3200. Call 703-993-3686 between 9 a.m. and 5 p.m. Monday through Friday. <https://ssac.gmu.edu/sexual-and-interpersonal-violence/>
- **For students at Mason Korea**, contact the Sexual Offense Services 24-hour crisis line at 1366 or contact Sexual Assault Prevention, Support, and Counseling at 338-5801. Email center@womenhotline.or.kr

IN CASES OF STALKING

Under no circumstances should you agree to meet with the perpetrator face to face to “work it out” or “talk.” Meeting a stalker in person can be very dangerous.

- **Tell someone.** Resources like Mason Police and Student Support and Advocacy Center (SSAC) are here to support and assist you. Victims under the age of 18 should tell a parent or other trusted adult about any harassments or threats.
- **Send one, clear written warning.** This warning should convey that the contact is unwanted, and tell the perpetrator to cease all communications of

any kind. Do this only once. Then, no matter the response, under no circumstances have further contact with the stalker.

- **Collect and document all evidence.** Save all emails, postings, or other communications in both electronic and hard-copy form. If possible, save all of the header information from emails and newsgroup postings (use the *Help* feature on whatever service you are using for instructions). Record the dates and times of any contact with the stalker. All evidence of stalking should be preserved to aid in obtaining a protection order against a perpetrator.
- **Keep a detailed log of stalking behavior.** Start a log detailing each communication (e.g., date, time, type of incident, witnesses, etc.). You may also want to document how the stalking is affecting you and any steps you have taken to stop it (e.g., blocked number, unfriended on Facebook, asked the stalker to stop). A free Stalking Log is available at: www.victimsofcrime.org/docs/src/stalking-incident-log_pdf.pdf.
- **File a report with Mason Police or local law enforcement.** Save copies of police reports and record all contact with law enforcement officials and the prosecutor's office. Add these notes to your Stalking Log.
- **Change your contact information.** You may want to consider changing your email address, Internet Service Provider (ISPs), and/or phone number, and consider using encryption software or privacy protection programs.
- **File a complaint with both parties' ISPs.** Many ISPs offer tools that filter or block communications from specific individuals.
 - Look for the "Message ID" and/or "NNTP Posting Host" lines. You'll find the real ISP that the person is using on these lines. Send a copy of the offending mail with the full headers to the ISP to Ex.postmaster@gmu.edu.
- **If contacting the ISP does not produce results:**
 - Contact SSAC for help and guidance at 703-993-3686.
 - Call Mason Police at 703-993-2810.
 - Call Virginia State Police Computer Crimes Unit at 804-333-3800.
 - Call the FBI Computer Crimes Unit at 703-762-3160.
 - Contact online directory listings. Request removal from directories such as www.whitepages.com and www.whowhere.com.

IN CASES OF RELATIONSHIP VIOLENCE

Getting Help

- Violence is never the victim's fault.
- Know that you have legal choices. Call Mason Police at 703-993-2810 or Student Support and Advocacy Center at 703-993-3686 for assistance or to learn about your choices. For students at Mason Korea, call 1-1-2 for police assistance.
- Trust your instincts and do not second-guess your feelings.
- Know that you are not alone. More than two million reports of dating/ domestic violence occur every year.
- Ask a friend, family member, professor, or crisis center for help.
- If you are physically hurt, seek medical attention.
- Getting help is the best thing you can do for yourself and your health.

Giving Help

- Believe the person. He or she will need you to be supportive and understanding.
- Do not ask too much. The person may feel uncomfortable about involving others, and will open up when ready.
- Be supportive by listening or gathering information and resources.

See “Resources for Help” section (page 2) for a full list of available confidential/nonconfidential on-campus and off-campus resources.

Orders of Protection

NO-CONTACT ORDERS ISSUED BY MASON

No-contact orders are designed so that students involved in a campus conduct process do not have any communication with each other to help minimize further altercations between those involved. Students who have no-contact orders are not to contact each other using ANY means. This includes, but is not limited to: comments, words, or gestures in person, through postal mail, email, social networking sites, or through others (friends, acquaintances, family members, etc.) acting on the student's behalf. An order of no contact will remain in place

until both parties agree, in writing, to cancel the order, pending final approval by the Office of Student Conduct.

PROTECTIVE ORDERS ISSUED BY A COMMONWEALTH OF VIRGINIA CRIMINAL COURT

Protective orders (i.e., no-contact orders) are free, legal documents issued by a judge or magistrate to protect the health and safety of a person who is alleged to be a victim of *any act involving violence, force, or threat that results in bodily injury or places that person in fear of death, sexual assault, or bodily injury*. Contact Mason Police at 703-993-2810; the Student Support and Advocacy Center (SSAC) at 703-993-3686; or the 24-Hour Sexual and Intimate Partner Violence Crisis Line at 703-380-1434 for assistance in filing a protective order.

Victim's Options for Reporting Sexual Violence

As a crime victim, you will have questions. What should you do? Generally speaking, a victim of sexual assault, dating violence, domestic violence, or stalking has four choices:

1. Report the crime to Mason or local police with the intent of pressing criminal charges.
2. Report the crime to Mason Police anonymously using the Mason Crime Solvers anonymous tip line at 703-993-4111.
3. Report the crime to the university, including the Title IX Coordinator, with the intent of using the Conduct Process to hold the offender responsible. See page 89 of this report.
4. Choose to not report the crime to police or any campus authority.

Only the victim can make this decision. It may be difficult to make complex decisions immediately after the assault. Talking with someone who can give immediate support and information, such as a sexual assault crisis counselor, a victim/witness advocate, or a family member or friend, may help you make a decision.

- For a list of confidential resources, see pages 2-5.

REPORTING WITH INTENT TO PRESS CRIMINAL CHARGES

When a victim decides to report the crime to police and to file criminal charges, they need to be aware of the steps involved:

- initial law enforcement officer's interview
- medical examination
- investigator's interview
- prosecutor's interview
- court procedures

This may all seem overwhelming. An understanding of the benefits of reporting encourages many victims to choose to press criminal charges, resulting in the convictions of more defendants. Contact SSAC for assistance at 703-993-3686 or Mason Police at 703-993-2810.

OPTION NOT TO REPORT

Not all victims want to report crimes to a law enforcement agency. This is an individual decision. Without an official report, however, the law enforcement agency will not know that a sexual assault has occurred. Law enforcement agencies can only help the community when they are aware of crimes being committed. If the assailant was a stranger, the prospect of identifying the suspect greatly decreases over time, and crucial physical evidence will be lost as well. Even if you choose not to report, it is important for your own well-being that you receive medical attention immediately after the assault. Contact SSAC for assistance at 703-993-3686.

YOUR RIGHTS AS A CRIME VICTIM

The Crime Victim and Witness Rights Act was made law by the Virginia General Assembly in 1995. The purpose of this law is to ensure that victims and witnesses of crime

- are treated with dignity, respect, and sensitivity, and that their privacy is protected where the law allows;
- are informed of their rights;
- have the opportunity to make the courts aware of the full impact of the crime;
- receive authorized services; and
- have the opportunity to be heard at all stages of the criminal justice process.

COMPENSATION FOR VICTIMS OF CRIME

If you are the victim of a crime in Virginia; physically/emotionally injured during a crime; injured trying to stop a crime; injured trying to catch a person who committed a crime; or are the surviving spouse, parent, grandparent, sibling, or child of a victim who was killed, then you may be awarded benefits up to a maximum award of \$15,000 for certain unreimbursed losses, such as wages, medical expenses, mental health counseling expenses, funeral/burial expenses up to \$3,500, moving expenses up to \$1,000, crime scene clean-up expenses, pregnancy expenses resulting from rape, and other reasonable/necessary expenses incurred as a result of the crime (e.g., prescriptions).

In order to be eligible to apply you must:

- Report the crime to law enforcement within 120 hours (5 days) after the crime (or show good cause for not doing so), cooperate with law enforcement agencies, be willing to press criminal charges, and file a compensation claim within one year from the date of the crime (or show good cause for not doing so).*

**A victim of child sexual assault has 10 years past the date of their 18th birthday to file a claim.*

For more information or an application, contact the Criminal Injuries Compensation Fund: Toll-free statewide 800-552-4007 or SSAC at 703-993-3686.

Sex Offender Registry Access

The federal Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained. In Virginia, the information is available at the following Virginia State Police website: www.vsp.state.va.us (select “Sex Offender Registry”). For students at Mason Korea, sex offender registration information is available at the following South Korean Government website: www.sexoffender.go.kr/index.nsc.

Missing Student Notification Policy

All higher education institutions that provide on-campus housing, and are subject to the Higher Education Opportunity Act of 2008, are required to establish

missing student notification procedures for students who reside in on-campus housing. A missing person is an individual whose whereabouts are unknown; they have disappeared for no known reason and there is reasonable concern for their well-being and safety. If a student or employee is believed to be missing and there is reasonable concern for his or her well-being and safety, Mason Police must be contacted immediately. The *Missing Person Guide* is available at ready.gmu.edu.

If you suspect someone you know is missing, **notify Mason Police immediately at 9-1-1 or 703-993-2810** and provide a detailed description of the missing person, including the following information:

Mason Police and the HRL maintain internal and confidential plans to respond to reports of missing students and employees.

Student Residents

Student residents should notify the HRL resident director or resident advisor as soon as they suspect that a fellow student resident is missing. HRL will attempt to locate the student, report missing students to Mason Police and/or local police within 24-hours, and lend assistance to Mason and local law enforcement as necessary.

The Higher Education Opportunity Act requires that the university:

- Allow each student the option to identify any individual(s) who will be contacted by the university if the student is determined to be missing.
- Provide each such student a means to register confidential contact information in the event that the student is determined to be missing for a period of more than 24 hours.

All student residents must complete the following steps prior to registration or complete this process at registration before they will be provided with access to their residence hall room:

1. Access the Housing and Residence Life website at housing.gmu.edu.
2. Select the "Student Web" tab on the left of the website.
3. Log into your Student Web account.
4. Enter or update emergency contact information.

Students may identify emergency contacts other than their parents or legal guardians unless they are younger than 18 years of age and are not emancipated, in which case they must identify their parents or legal guardians as emergency contacts. Emergency contacts will be notified in the event that a student is suspected missing. Parents of students who are less than 18 years of age and not emancipated will be contacted within 24 hours from the time that the student is suspected or determined to be missing. Notification of emergency contacts, parents, or legal guardians may be made sooner if necessary.

Employees and Nonresident Students

3. There will be a university review of all reports of drug offenses involving Mason students. Student Conduct processes will operate independently of the criminal justice system.
4. Any student found responsible for a Code of Conduct policy violation involving drugs may, at the discretion of the hearing officer, be required to undergo an evaluation administered by personnel of the university's Student Support and Advocacy Center office as a sanction, or prior to re-admittance to the university if suspended.
5. The housing status of a residential student found in violation of a campus drug policy will be determined by the hearing officer. Guests and visitors found responsible for violating a campus drug regulation while in a residence hall will likely be issued a trespass order prohibiting their presence in any and all residential buildings of the Mason campuses. This trespass order will be in effect for a minimum of one calendar year.
6. A common sanction for a student's first violation involving possession or use of marijuana is likely to be a disciplinary probation period and an educational referral. Repeated violations are likely to result in a suspension or dismissal from housing, and/or a university suspension.
7. A common sanction for any student found responsible for a violation involving sale or possession of an illegal substance, including prescription drugs, with intent to distribute, is expulsion.
8. A common sanction for any student found responsible for use or possession of an illegal drug other than marijuana, including prescription drugs, is likely to be suspension from the university for a minimum of one year, and/or housing suspension or dismissal. The suspended student may be asked to provide documentation of successful completion of a drug treatment program prior to reinstatement.

EMPLOYEE DRUG AND ALCOHOL POLICY

The Employee Drug and Alcohol Policy applies to all administrative and professional faculty, full and part-time classified, and all wage employees of Mason, at all university locations. The full Employee Drug and Alcohol Policy is available at universitypolicy.gmu.edu/policies/employee-drug-and-alcohol-policy.

Policy Statement

Mason prohibits unauthorized manufacture, distribution, possession, and use of alcohol or other drugs by employees in the workplace. Mason also prohibits the impairment of an employee in the workplace due to the use of alcohol or

other unauthorized drugs. Employees must comply with federal and state laws and regulations regarding alcohol and other drugs. The illicit use of drugs and alcohol could create a serious threat to the safety and welfare of the university community, as well as undermine the productivity of the workforce.

All university employees are expected to comply with federal and state laws regarding the use of alcohol and other drugs, as well as state regulations and university regulations contained in this policy. Employees found in violation of these laws and regulations shall be subject to the full range of disciplinary actions, including discharge. The severity of disciplinary action for violations of this policy shall be determined on a case-by-case basis. Mitigating circumstances that may be considered in determining the appropriate discipline include whether the employee voluntarily admits to, and seeks assistance for, an alcohol or other drug problem.

CONTROLLED SUBSTANCE LAWS AND SANCTIONS

In compliance with the Drug-Free Workplace Act of 1988, the Drug-Free Communities and Schools Act Amendments of 1989, and the Commonwealth of Virginia's Policy on Alcohol and Other Drugs of 1991, the following summary is provided for your information. Controlled substances are classified under the Controlled Substances Act into "schedules" that indicate their relative medicinal use and probability of abuse and dependence (addiction). Mason's policies address these controlled substances.

Controlled Substances Schedules

- **Schedule I:** The drug or other substance has a high potential for abuse. The drug or other substance has no currently accepted medical use in treatment in the United States. There is a lack of accepted safety for use of the drug or other substance under medical supervision. Some Schedule I substances are heroin, LSD, marijuana, GHB, MDMA (Ecstasy), and methaqualone.
- **Schedule II:** The drug or other substance has a high potential for abuse. The drug or other substance has a currently accepted medical use in treatment in the United States or a currently accepted medical use with severe restrictions. Abuse of the drug or other substance may lead to severe psychological or physical dependence. Schedule II substances include morphine, PCP, cocaine, methadone, Ritalin, and methamphetamine.
- **Schedule III:** The drug or other substance has a potential for abuse less than the drugs or other substances in Schedules I and II. The drug or other substance has a currently accepted medical use in treatment in the United States. Abuse of the drug or other substance may lead to moderate or low physical

dependence or high psychological dependence. Anabolic steroids, codeine and hydrocodone with aspirin or Tylenol, Ketamine, and some barbiturates are Schedule III substances.

- **Schedule IV:** The drug or other substance has a low potential for abuse relative to the drugs or other substances in Schedule III. The drug or other substance has a currently accepted medical use in treatment in the United States. Abuse of the drug or other substance may lead to limited physical dependence or psychological dependence relative to the drugs or other substances in Schedule III. Included in Schedule IV are Darvon, Talwin, Equanil, Valium, Rohypnol, and Xanax.
- **Schedule V:** The drug or other substance has a low potential for abuse relative to the drugs or other substances in Schedule IV. The drug or other substance has a currently accepted medical use in treatment in the United States. Abuse of the drug or other substances may lead to limited physical dependence or psychological dependence relative to the drugs or other substances in Schedule IV. Over-the-counter cough medicines with codeine are classified in Schedule V.

Penalties

The law prescribes ranges of permissible penalties upon conviction. As required by the Federal Safe and Drug-Free Communities and Schools Act of 1994, the pertinent state laws, including sanctions for their violation, are summarized below.

- Possession of a controlled substance classified in Schedule I or II of the Drug Control Act, upon conviction, exposes the violator to a felony conviction for which the punishment is a term of imprisonment ranging from 1 to 10 years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for up to 12 months and a fine of up to \$2,500, either or both.
- Possession of a controlled substance classified in Schedule III of the Drug Control Act, upon conviction, exposes the violator to a misdemeanor conviction for which the punishment is confinement in jail for up to 12 months and a fine of up to \$2,500, either or both.
- Possession of a controlled substance classified in Schedule IV of the Drug Control Act, upon conviction, exposes the violator to a misdemeanor conviction for which the punishment is confinement in jail for up to six months and fine of up to \$1,000, either or both.
- Possession of a controlled substance classified in Schedule V of the Drug Control Act, upon conviction, exposes the violator to a misdemeanor conviction for which the punishment is a fine of up to \$500.

- Possession of a controlled substance classified in Schedule I or II of the Drug Control Act with the intent to sell or otherwise distribute, upon conviction, exposes the violator to a felony conviction for which the punishment is imprisonment from 5 to 40 years and a fine of up to \$500,000. Upon conviction, the violator must be imprisoned for not less than five years, but may suffer life imprisonment, and a fine of up to \$500,000.
- Possession of a controlled substance classified in Schedules III, IV, or V of the Drug Control Act or an imitation controlled substance which imitates a controlled substance classified in Schedule III, IV, or V, except for an anabolic steroid classified in Schedule III constituting a violation of Virginia Code 18.2-248.5, with the intent to sell or otherwise distribute, upon conviction, exposes the violator to a misdemeanor conviction for which the punishment is confinement in jail for up to one year and a fine of up to \$2,500, either or both.
- Possession of marijuana, upon conviction, exposes the violator to a misdemeanor conviction for which the punishment is confinement in jail for up to 30 days and a fine of up to \$500, either or both. Upon a second conviction, punishment is confinement in jail for up to one year and a fine of up to \$2,500, either or both.
- Possession of less than one-half ounce of marijuana with the intent to sell or otherwise distribute, upon conviction, exposes the violator to a misdemeanor conviction for which the punishment is confinement in jail for up to one year and a fine of up to \$2,500, either or both. If the amount of marijuana involved is more than one-half ounce to five pounds, the crime is a felony with a sanction of imprisonment from 1 to 10 years, or in the discretion of the jury or court trying the case without jury, confinement in jail for up to one year and a fine of up to \$2,500, either or both. If the amount of marijuana involved is more than five pounds, the crime is a felony with a sanction of imprisonment from 5 to 30 years. Notwithstanding the aforesaid provisions, Rohypnol shall be deemed to be listed on Schedule I for the purposes of penalties for violations of the Drug Control Act.
- Any person knowingly manufacturing, selling, giving, distributing, or possessing Rohypnol shall be punished under the penalties prescribed for other Schedule I controlled substances.

HEALTH RISKS

- Excessive alcohol use poses immediate health risks as well as long-term physical consequences. Consuming too much alcohol—even on a single occasion—can result in injury, violence, risky sexual behaviors, miscarriage and stillbirth

among pregnant women, and alcohol poisoning. Long-term, excessive use can lead to the development of chronic diseases, neurological impairments, and social problems. In addition, people risk significant health problems when they use illicit drugs or prescription drugs for recreational purposes.

- Stimulants (e.g., cocaine, speed) raise blood pressure, increase the heart rate, and cause rapid breathing. Frequent and long-term stimulant use may cause paranoia, anxiety, hallucinations, insomnia, and depression. Hallucinogens (e.g., LSD, “shrooms”) can result in memory impairment and flashbacks, and have been known to lead to injuries and deaths if the user gets violent or out of control due to a “trip.” Sedatives (e.g., heroin, GHB) can cause memory loss, vertigo, reduced heart rate, seizures, insomnia, anxiety, tremors, and respiratory failure.

The above overview is only a partial list of the health risks caused by the misuse or abuse of alcohol or drugs.

Description of Drug and Alcohol Abuse Education Programs

Mason uses a two-prong approach to programming: offering alcohol-free social activities and providing educational programs. Mason offers a variety of fun and sober events to encourage students to socialize without using alcohol or other drugs. Mason’s Student Involvement, Patriot Activities Council, and Weekends at Mason spearhead the planning and implementation of campus-wide, alcohol-free social events, and the Office of Housing and Residential Life (HRL) staff members plan social events for their floors and neighborhoods.

In addition, the Fairfax and Science and Technology Campuses feature multiple performance venues where scores of cultural events are performed throughout the year. Mason also offers a range of programming to educate students about the health implications and risks associated with alcohol and other drug use. The Student Support and Advocacy Center (SSAC) frequently partners with HRL (and other University Life units) to provide programming that engages students in the different arenas of their lives, including where they live, study, socialize, and spend time online.

When planning educational programs, SSAC and HRL utilize the Institute of Medicine’s prevention model; universal, selective, and indicated approaches are developed to reach the overall campus, at-risk students, and students who demonstrate risky substance use. Many programs are designed for high-risk

students (e.g., freshmen, Greek members) and scheduled for high-risk times (e.g., first six weeks of class, Halloween, Homecoming).

SSAC and HRL provide educational interventions to individual students. SSAC also hosts an online education module that students can take themselves to learn more about their personal drinking or marijuana use:

interwork.sdsu.edu/echeckup/usa/alc/coll/?id=GMU&hfs=true.

Finally, both SSAC and HRL engage in awareness campaigns to communicate pro-health and prevention messages.

PROGRAMS FROM FALL 2016 TO SPRING 2018

- **National Collegiate Alcohol Awareness Week.** National Collegiate Alcohol Awareness Week is a fun, engaging, and meaningful way for students to learn about alcohol. We celebrate National Collegiate Alcohol Awareness Week the third full week of each October. Past programs include: “Drinking Olympics: How to Play it Safe,” “Betcha’ Won’t,” and “The TRU College Life by Julia Garcia.” The week focuses on delivering information on safer drinking strategies, busting the myths about college student drinking, and helping students identify ways to be a Mason team player through pro-social bystander behavior.
- **Safe Spring Break Fair (SSAC and Housing).** Celebrate Spring Break early with Student Support and Advocacy Center (SSAC)! Each year, SSAC hosts a variety of spring break-related programs with different campus offices the week before spring break. The programs focus on giving students the tools to make the most of their well-deserved break by relaxing in a safe and healthy manner. Stop by one of these events for t-shirts, flip-flops, and spring break safety kits!
- **21st Birthday Initiative (SSAC, Housing, Intercollegiate Athletics, Off-Campus Student Programs and Services, and Fraternity and Sorority Life).** Each semester, Mason hosts a 21st birthday party for all students turning 21. The event includes educational games, cupcakes, and giveaways, and encourages alcohol-free celebrations for this milestone birthday.
- **APPLE conference (Athletics and SSAC).** Mason sends a team comprised of SSAC, athletics staff, and student-athletes to an annual conference that encourages substance abuse prevention and health promotion for student-athletes.

(The full and most up-to-date Sexual and Gender-Based Harassment and Other Interpersonal

Violence Policy [University Policy 1202] is available online at universitypolicy.gmu.edu/policies/sexual-harassment-policy.)

POLICY STATEMENT

Mason is committed to providing a safe and nondiscriminatory learning, living, and working environment for all members of the university community. The university does not discriminate on the basis of sex or gender in any of its education or employment programs and activities. To that end, this policy prohibits specific forms of behavior that violate Title IX of the Education Amendments of 1972 (“Title IX”); Title VII of the Civil Rights Act of 1964 (“Title VII”); and/or the Virginia Human Rights Act. Such behavior also requires the university to fulfill certain obligations under the Violence Against Women Reauthorization Act of 2013 (“VAWA”) and the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”).

The university prohibits Sexual Assault, Sexual Exploitation, Interpersonal Violence, Stalking, Sexual or Gender-Based Harassment, Complicity in the commission of any act prohibited by this policy, and retaliation against a person for the good faith reporting of any of these forms of conduct or participation in any investigation or proceeding under this policy (collectively, “Prohibited Conduct”). These forms of Prohibited Conduct are unlawful, undermine the character and purpose of the university, and will not be tolerated.

The university adopts this policy with the intention of:

- Eliminating, preventing, and addressing the effects of Prohibited Conduct;
- Creating a climate where all individuals are well-informed and supported in reporting Prohibited Conduct;
- Providing a prompt, fair, and impartial process for all parties; and
- Identifying the standards by which violations of this policy will be evaluated and disciplinary action may be imposed.

Employees or students who violate this policy may face disciplinary action up to and including termination or expulsion. The university will take prompt and equitable action to eliminate Prohibited Conduct, prevent its recurrence,

and remedy its effects. The university conducts ongoing prevention, awareness, and training programs for employees and students to facilitate the goals of this policy. It is the responsibility of every member of the university community to foster an environment free of Prohibited Conduct. All members of the university community are encouraged to take reasonable and prudent actions to prevent or stop an act of Prohibited Conduct. The university will support and assist community members who take such actions.

SCOPE OF POLICY

This policy pertains to acts of Prohibited Conduct committed by or against students, employees, and third parties when:

1. the conduct occurs on campus or other property owned or controlled by the university;
2. the conduct occurs in the context of a university employment or education program or activity, including, but not limited to, university-sponsored study-abroad, research, online, or internship programs; or
3. the conduct occurs outside the context of a university employment or education program or activity, but has continuing adverse effects on or creates a hostile environment for students, employees, or third parties while on university campus or other property owned or controlled by the university or in any university employment or education program or activity.

REMEDIAL AND PROTECTIVE MEASURES

The university offers a wide range of resources for students and employees, whether as Complainants or Respondents, to provide support and guidance

throughout the initiation, investigation, and resolution of a report of Prohibited Conduct. The university will offer reasonable and appropriate measures to protect a Complainant and facilitate the Complainant's continued access to university employment or education programs and activities. These measures may be both remedial (designed to address a Complainant's safety and well-being and continued access to educational opportunities) or protective (involving action against a Respondent). Remedial and protective measures, which may be temporary or permanent, may include no-contact directives, residence modifications, academic modifications and support, work schedule modifications, interim disciplinary suspension, suspension from employment, and pre-disciplinary leave (with or without pay).

PRIVACY AND CONFIDENTIALITY

For any report under this policy, every effort will be made to respect and safeguard the privacy interests of all individuals involved in a manner consistent with the need for a careful assessment of the allegation and any necessary steps to eliminate the conduct, prevent its recurrence, and address its effects. Privacy and confidentiality have distinct meanings under this policy.

Privacy

Information related to a report under this policy will only be shared with those university employees who need to know in order to assist in the active review, investigation, or resolution of the report. If the decision is made to pursue disciplinary action against a Respondent, information related to the report will be shared with the Respondent. Information regarding a report will not be shared with either the Complainant or Respondent's parents or guardians unless the party is a minor and sharing is permissible under the Family Education Rights and Privacy Act (FERPA); the party has signed a waiver that is compliant with FERPA; or there is an articulable threat to the health or safety of the party or other individuals.

Confidentiality

Information shared with Confidential Resources (specially designated campus or community professionals) will only be disclosed with the individual's express

written permission, unless there is a continuing threat of serious harm to the patient/client or to others or there is a legal obligation to reveal such information (e.g., where there is suspected abuse or neglect of a minor).

Records

The Compliance, Diversity, and Ethics Office will maintain records of all reports under this policy and their outcomes.

Employee Responsibility to Report Disclosures or Information about Prohibited Conduct: Every employee is either a “Confidential Employee” or a “Responsible Employee.”

- **Confidential Employee:** A Confidential Employee will not disclose information about Prohibited Conduct to the university’s Title IX Coordinator without the student’s permission (subject to the exceptions set forth in the Confidentiality section of this policy).
- **Responsible Employee:** A Responsible Employee is required to report to the university’s Title IX Coordinator all relevant details (obtained directly or indirectly) about an incident of Prohibited Conduct that involves any student as a Complainant, Respondent, and/or witness, including dates, times, locations, and names of parties and witnesses. Responsible Employees include resident assistants, graduate teaching assistants, and all other student-employees, when disclosures are made to any of them in their capacities as employees.

Reporting of Any Prohibited Conduct on Certain University Property:

Consistent with the requirements of Va. Code § 23-1-806, (“Reporting Acts of Sexual Violence”), Responsible Employees are also required to report to the Title IX Coordinator all information obtained, from any source, about alleged Prohibited Conduct that occurs anywhere on university campus (including residence halls); on any contiguous (off-campus) property owned or controlled by the university; on any property controlled by a student organization (including fraternity houses) or frequently used by students, wherever located; and public property (including streets, sidewalks, and parking facilities) that is within or immediately adjacent to, and accessible from, campus.

Reporting to Law Enforcement: Under the Virginia Reporting Statute, the university is required to report information about certain allegations of Prohibited Conduct to the law enforcement agencies and the prosecuting authorities who would be responsible, respectively, for investigating and prosecuting such allegations.

Clery Act Reporting: Pursuant to the Clery Act, the university includes statistics about certain offenses in its annual security report and provides

those statistics to the U.S. Department of Education in a manner that does not include any personally identifying information about individuals involved in an incident. The Clery Act also requires the university to issue timely warnings to the university community about certain crimes that have been reported and may continue to pose a serious or continuing threat to the campus community. Consistent with the Clery Act, the university withholds the names and other personally identifying information of Complainants when issuing timely warnings to the university community.

See University Policy Number 1412: Reporting of Clery Act Crimes and/or Prohibited Sexual Conduct for more information about Clery Act Reporting (<https://universitypolicy.gmu.edu/policies/reporting-of-clery-act-crimes-andor-prohibited-sexual-conduct/>).

CONFIDENTIAL RESOURCES

Consistent with the definition of Confidential Employees and licensed community professionals, there are a number of resources off campus where students and employees can obtain confidential, trauma-informed counseling and support.

See pages 2–5 of this report for a list of available on- and off-campus confidential resources.

- exceeding the boundaries of consensual Sexual Contact without the knowledge of the other individual

Sexual Exploitation may be committed for any purpose, including sexual arousal or gratification, financial gain, or other personal benefit. Examples include, but are not limited to,

- causing the incapacitation of another person (through alcohol, drugs, or any

other means) for the purpose of compromising that person's ability to give Affirmative Consent to sexual activity;

- allowing third parties to observe private sexual activity from a hidden location (e.g., closet) or through electronic means (e.g., Skype or livestreaming of images) without consent of all parties;
- engaging in voyeurism (e.g., watching private sexual activity without the consent of the participants or viewing another person's intimate parts (including genitalia, groin, breasts or buttocks) in a place where that person would have a reasonable expectation of privacy);
- recording or photographing private sexual activity and/or a person's intimate parts (including genitalia, groin, breasts or buttocks) without consent;
- disseminating or posting images of private sexual activity and/or a person's intimate parts (including genitalia, groin, breasts or buttocks) without consent;
- threatening to disclose an individual's Sexual Orientation, Gender Identity, or Gender Expression;
- prostituting another person;
- exposing another person to a sexually transmitted infection or virus without the other's knowledge; or
- knowingly failing to use contraception or deliberately removing or compromising contraception ("stealthing") without the other party's knowledge.

C. INTERPERSONAL VIOLENCE

Interpersonal Violence (commonly referred to as intimate partner violence, dating violence, domestic violence, and relationship violence) can encompass a broad range of abusive behavior committed by a person who is or has been

- in a romantic or intimate relationship with the complainant (of the same or different sex);
- the complainant's spouse or partner (of the same or different sex); or
- the complainant's family member.

The existence of such a relationship will be gauged by the length, type, and frequency of interaction. Reports of Interpersonal Violence that do not involve one of the specified relationships or do not involve an individual's Protected Status (Protected Statuses are listed in University Policy 1201, Non-Discrimination)

will be resolved under the Code of Student Conduct or, for employees, applicable policies.

Interpersonal Violence includes physical violence, emotional abuse, sexual assault, economic control, and/or neglect that a reasonable person in similar circumstances and with similar identities would find intimidating, frightening, terrorizing, or threatening. Such behaviors may include threats of violence to one's self, one's family member, or one's pet.

D. STALKING

- Stalking occurs when a person engages in a course of conduct directed at a specific person under circumstances that would cause a reasonable person to fear bodily injury or to experience substantial emotional distress.
- Course of conduct means two or more acts, including but not limited to acts in which a person directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about another person, or interferes with another person's property. Substantial emotional distress means significant mental suffering or anguish.
- Stalking includes "cyberstalking," a particular form of stalking in which a person uses electronic media, such as the internet, social networks, blogs, cell phones, texts, or other similar devices or forms of contact.

E. SEXUAL OR GENDER-BASED HARASSMENT

Sexual or Gender-Based Harassment includes

- unwelcome sexual advances, requests for sexual favors, and other verbal, physical, or electronic conduct of a sexual nature that creates a hostile, intimidating, or abusive environment;
 - verbal, physical, or electronic conduct based on Sex, Gender, Sexual Orientation, or sex-stereotyping that creates a hostile, intimidating, or abusive environment, even if those acts do not involve conduct of a sexual nature; or
 - harassment for exhibiting what is perceived as a stereotypical characteristic for one's Sex or for failing to conform to stereotypical notions of masculinity and femininity, regardless of the actual or perceived Sex, Gender, Sexual Orientation, Gender Identity, or Gender Expression of the individuals involved.
- a) Harassment** is a type of discrimination that occurs when verbal, physical, electronic, or other conduct based on an individual's Protected Status (Protected Statuses are listed in University Policy 1201, Non-Discrimination)

interferes with that individual's educational environment (e.g., admission, academic standing, grades, assignment); work environment (e.g., hiring, advancement, assignment); participation in a university program or activity (e.g., campus housing); or receipt of legitimately requested services (e.g., disability or religious accommodations), thereby creating Hostile Environment Harassment or Quid Pro Quo Harassment, as defined below.

i. Hostile Environment Harassment

Hostile environment harassment is defined as unwelcome conduct based on Protected Status that is so severe, persistent, or pervasive that it alters the conditions of education, employment, or participation in a university program or activity, thereby creating an environment that a reasonable person in similar circumstances and with similar identities would find hostile, intimidating, or abusive. An isolated incident, unless sufficiently severe, does not amount to Hostile Environment Harassment.

ii. Quid Pro Quo Harassment

Quid pro quo harassment is defined as unwelcome conduct based on Protected Status where submission to or rejection of such conduct is used, explicitly or implicitly, as the basis for decisions affecting an individual's education, employment, or participation in a university program or activity.

b) Additional Guidance about Discrimination and Harassment

Consistent with the definitions provided above, conduct that constitutes Discrimination and Harassment

- may be blatant and involve an overt action, threat, or reprisal; or may be subtle and indirect, with a coercive aspect that is unstated but implied;
- may or may not include intent to harm;
- may not always be directed at a specific target;
- may be committed by anyone, regardless of Protected Status, position, or authority (While there may be a power differential between the Complainant and the Respondent—perhaps due to differences in age or educational, employment, or social status—Discrimination and Harassment can occur in any context.);
- may be committed by a stranger, an acquaintance, or someone with whom the Complainant has a current or previous relationship, including a romantic or sexual relationship;
- may be committed by or against an individual or by or against an organization or group;

- may occur in the classroom, in the workplace, in residential settings, or in any other setting;
- may be a pattern of behavior or, if sufficiently severe, a one-time event;
- may be committed in the presence of others, when the Complainant and Respondent are alone, or through remote communications, including email, text messages, or social media;
- may take the form of threats, assault, property damage, economic abuse, and violence or threats of violence; or
- may include harassing or retaliatory behavior directed to a sexual or romantic partner, family member, friend, or pet of the Complainant.

F. RETALIATION

Retaliation means any adverse action taken against a person for making a good faith report of Prohibited Conduct or participating in any proceeding under this policy. Retaliation includes threatening, intimidating, harassing, coercing, or any other conduct that would discourage a reasonable person from engaging in activity protected under this policy. Retaliation may be present even where there is a finding of “no responsibility” on the allegations of Prohibited Conduct. Retaliation does not include good faith actions lawfully pursued in response to a report of Prohibited Conduct.

G. COMPLICITY

Complicity is any act taken with the purpose of aiding, facilitating, promoting, or encouraging the commission of an act of Prohibited Conduct by another person.

VIOLATIONS OF LAW

Behavior that violates this policy may also constitute a crime under the laws of the jurisdiction in which the incident occurred.

See page 56 of this report for the criminal statutes relating to Sexual Assault, Dating Violence, Domestic Violence, and Stalking.

PREVENTION AND AWARENESS PROGRAMS

The university is committed to the prevention of Prohibited Conduct through regular and ongoing education and awareness programs. Incoming students and new employees receive primary prevention and awareness programming as part of their orientation, and returning students and current employees receive ongoing training and related education.

See page 43 of this report for a description of the university’s Prohibited Con-

duct prevention and awareness programs, including programs on minimizing the risk of incidents of Prohibited Conduct and bystander intervention.

TRAINING

The university provides training to students and employees to ensure they understand this policy and the topics and issues related to maintaining an education and employment environment free from harassment and discrimination. For a description of the university's training related to this policy, see University Policy 1202 at universitypolicy.gmu.edu/policies/sexual-harassment-policy.

STUDENT SEXUAL MISCONDUCT RESOLUTION PROCESS AT MASON KOREA

The aforementioned information regarding Mason's sexual misconduct resolution process is applicable to all Mason students at the Mason Korea Campus. The director of Student Conduct or the director's designee will, in partnership with Mason Korea leadership, facilitate the student conduct process via appropriate electronic means, and on-site presence as needed.

MEDICAL AMNESTY PROGRAM

The goal of medical amnesty is to foster and protect the health and safety of the George Mason University community.

The health, safety, and well-being of students and the university community are of the utmost importance at Mason. As a result, the university provides an "amnesty" program as an effort to support students who experience a first alcohol and/or other drug-related situation, and the responsible student(s) who seek assistance for them. "Amnesty" offers students who proactively exhibit responsible behavior the opportunity for educational, nondisciplinary intervention for the incident.

In order to foster an environment that supports integrity, safety, well-being, and responsible bystander behavior, Mason expects members of its community to engage in conduct that is consistent with university policy, as well as encourages individuals to seek necessary medical attention for themselves and others. It is the goal of this program for students to take action, provide assistance, and practice accountability.

The complete Medical Amnesty Program is described at studentconduct.gmu.edu.

Questions about the Medical Amnesty Program can be directed to the Office of Student Conduct at 703-993-6209.

Procedures for Institutional Disciplinary Action in Cases of Alleged Dating Violence, Domestic Violence, Sexual Assault, Stalking, or Sexual Harassment and Misconduct Committed by Students

The university follows these procedures to investigate any report alleging a student committed prohibited conduct under University Policy 1202: Sexual and Gender-based Harassment and Other Interpersonal Violence. For purposes of these Procedures, the “Title IX Coordinator” means the Title IX Coordinator, any Deputy Title IX Coordinator, and/or any of their respective trained designees or investigators.

COMPLAINT PROCESS

The university encourages anyone who experiences or becomes aware of an incident of prohibited conduct involving a student to *immediately* report the incident to the university through the following reporting options.

The university also offers access to confidential resources for individuals who are unsure about whether to report Prohibited Conduct or are seeking counseling or other emotional support in addition to (or without) making a report to the university. University Policy 1202 identifies confidential resources, both

at the university and in the Fairfax community, and further explains options for reporting Prohibited Conduct to the university and to law enforcement.

In addition to reporting directly to the Title IX Coordinator, anyone can also make an official report to the Office of Student Conduct by completing the intake form at studentconduct.gmu.edu/contact-us/incident-reporting-form.

INITIAL ASSESSMENT

Upon receipt of a report of Prohibited Conduct committed by a student, the Title IX Coordinator will make an initial assessment of the reported information and respond to any immediate health or safety concerns raised by the report. In this initial assessment, the Title IX Coordinator will:

1. Assess the Complainant's safety and well-being and offer the university's immediate support and assistance;
2. Inform the Complainant of the right to seek medical treatment, and explain the importance of obtaining and preserving forensic and other evidence;
3. Inform the Complainant of the right to contact law enforcement, decline to contact law enforcement, and/or seek a protective order;
4. Inform the Complainant about university and community resources, the right to seek appropriate and available remedial and protective measures, and how to request those resources and measures;
5. Inform the Complainant of the right to seek formal or alternative resolution under these procedures; ascertain the Complainant's expressed preference (if the Complainant has, at the time of the initial assessment, expressed a

- preference) for pursuing formal or alternative resolution, or neither; and discuss with the Complainant any concerns or barriers to participating in any university investigation and resolution under these procedures;
6. Explain the university's prohibition against retaliation and that the university will take prompt action in response to any act of retaliation;
 7. Assess the nature and circumstances of the report, including whether it provides the names and/or any other information that personally identifies the Complainant, the Respondent, any witness, and/or any other third party with knowledge of the reported incident;
 8. Ascertain the ages of the Complainant and the Respondent, if known, and, if either of the parties is a minor (under 18), contact the appropriate child protective service agency; and
 9. Communicate with appropriate university officials to determine whether the report triggers any Clery Act obligations, including entry of the report in the daily crime log and/or issuance of a timely warning, and take steps to meet those obligations.

The Title IX Coordinator will ensure that the Complainant receives a written explanation of all available resources and options and is offered the opportunity to meet to discuss those resources and options. When a decision is reached to initiate an investigation or to take any other action under these procedures that impacts a Respondent (including the imposition of interim protective measures), the Title IX Coordinator will ensure that the Respondent is notified, receives a written explanation of all available resources and options, and is offered the opportunity to meet to discuss those resources and options.

TITLE IX ASSESSMENT

Upon receipt of information regarding sexual violence that may have been committed against a student attending the institution, or that may have occurred on campus, in or on a noncampus building or property, or on public property within the campus, or immediately adjacent to and accessible from the campus, the Title IX Coordinator or designee shall promptly report the information, including any personally identifiable information, to the Title IX Review Committee pursuant to Va. Code § 23.1-806 ("Reporting of acts of sexual violence"). Such information includes, if known, the names and/or any other information that personally identifies the Complainant, the Respondent, any witnesses, and/or any other third parties with knowledge of the reported incident.

Title IX Review Committee

The Title IX Review Committee will evaluate every report of sexual violence. For purposes of the Title IX Assessment, sexual violence means physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent. The Title IX Review Committee will convene (in person, by telephone, or by email) within 72 hours after receiving information from the Title IX Coordinator, as described above. The Title IX Review Committee shall include, at a minimum: (1) the Title IX Coordinator, (2) a representative of the university's Police and Public Safety Department (the "UPD Representative"), and (3) a representative from the Office of Student Conduct.

The Title IX Review Committee operates pursuant to Va. Code §23-1-806 ("Reporting Acts of Sexual Violence") and has access, under Virginia law, to certain otherwise confidential information, including law enforcement records, criminal history record information, as provided in Va. Code §19.2-389 and §19.2-389.1; health records, as provided in Va. Code §32.1-127.1:03; university disciplinary, academic, and/or personnel records; and any other information or evidence known to the university or to law enforcement. The Title IX Review Committee may seek additional information about the reported incident through any other legally permissible means.

Health and Safety Assessment

Risk Factors. The Title IX Review Committee will determine whether the reported information and any other available information provides a rational basis for concluding that there is a threat to the health or safety of the Complainant or to any other member of the university community. The Title IX Review Committee will make this determination based upon a review of the totality of the known circumstances, and will be guided by a consideration factors (the "Risk Factors"):

- Whether the Respondent has prior arrests, is the subject of prior reports and/or complaints related to any reports of sexual violence, or has any history of violent behavior;
- Whether the Respondent has a history of failing to comply with any university No-Contact Directive, other university protective measures, and/or any judicial protective order;
- Whether the Respondent has threatened to commit violence or any form of Prohibited Conduct;
- Whether the report of sexual violence involved multiple Respondents;

- Whether the report of sexual violence involved physical violence. “Physical violence” means exerting control over another person through the use of physical force. Examples of physical violence include hitting, punching, slapping, kicking, restraining, choking, and brandishing or using any weapon;
- Whether the report of sexual violence reveals a pattern of sexual violence (e.g., by the Respondent, by a particular group or organization, around a particular recurring event or activity, or at a particular location);
- Whether the report of sexual violence was facilitated through the use of “date-rape” or similar drugs or intoxicants;
- Whether the report of sexual violence occurred while the Complainant was unconscious, physically helpless, or unaware that the sexual violence was occurring;
- Whether the Complainant is (or was at the time of the report of sexual violence) a minor (under 18); and/or
- Whether any other aggravating circumstances or signs of predatory behavior are present.

Disclosure(s) of Information to Law Enforcement. Pursuant to the Virginia Reporting Statute, the Title IX Review Committee is *required* to disclose information about reports of sexual violence to law enforcement in the following circumstances:

1. If the Title IX Review Committee (or, in the absence of consensus within the Title IX Review Committee, the UPD Representative) concludes that there is a significant and articulable threat to the health or safety of the Complainant or to any other member of the university community and that disclosure of available information (including the names and any other information that personally identifies the Complainant, the Respondent, any witnesses, and/or any other third parties with knowledge of the reported incident) is necessary to protect the health or safety of the Complainant or other individuals, the UPD Representative will immediately disclose the information to the law enforcement agency that would be responsible for investigating the alleged act of sexual violence. The Title IX Review Committee will make this determination based upon a review of the totality of the known circumstances and consideration of the list of Risk Factors, as described previously in these Procedures. The Title IX Coordinator will promptly notify Complainants who have requested anonymity whenever the Complainant’s name has been disclosed to the law enforcement agency.

2. If the alleged act of sexual violence constitutes a felony violation of the Code of Virginia, the UPD Representative will so inform the other members of the Title IX Review Committee and will, within 24 hours, (i) consult with the appropriate Commonwealth's Attorney or other prosecutor who would be responsible for prosecuting the alleged act of sexual violence (the "Prosecuting Authority"), and (ii) disclose to the Prosecuting Authority the information then known to the Title IX Review Committee. This disclosure is required by the Virginia Reporting Statute where the alleged act of sexual violence would violate Article 7 (§18.2-61 et seq.) of Chapter 4 of title 18.2 of the Code of Virginia. Such disclosure will exclude the names and any other information that personally identifies the Complainant, the Respondent, any witnesses, and/or any other third parties with knowledge of the reported incident (the "Identifying Information"), unless the Identifying Information was disclosed to law enforcement under the health and safety exception described in paragraph (a), above, in which case the Identifying Information also will be disclosed to the Prosecuting Authority.
3. The Title IX Review Committee will reconvene as necessary to continue to evaluate whether any new or additional information received triggers any further obligation(s) under the Clery Act or with respect to any child protective service agency, and will direct the Title IX Coordinator to take such further actions, as necessary.

UNIVERSITY ACTIONS FOLLOWING INITIAL ASSESSMENT AND HEALTH AND SAFETY ASSESSMENT

Upon completion of the health and safety threat assessment, the Title IX Coordinator, in consultation with the Title IX Review Committee for cases involving sexual violence, will determine the course of action under these Procedures, which may include, without limitation, formal resolution and/or alternative resolution (if available). Where the Complainant requests that personally identifying information not be shared with the Respondent, that no investigation be pursued, and/or that no further action be taken, the Title IX Coordinator will seek to honor the preferences of the Complainant wherever possible. The initial report, the health and safety threat assessment, and the determinations of the Title IX Review Committee will be documented and retained by the university in accordance with applicable law.

Where the Complainant Wishes to Pursue Formal Resolution

Upon receipt of a report of sexual misconduct, the Title IX coordinator or designee will

- determine whether an investigation is warranted;

- implement interim measures, if appropriate; and
- make internal referrals as appropriate.

Where the Complainant Requests Anonymity, that an Investigation not be Pursued, and/or that No Disciplinary Action Be Taken

A Complainant may request that personally identifying information not be shared with the Respondent, that no investigation be pursued, and/or that no disciplinary action be taken. The Title IX Coordinator will consider the following factors in evaluating such request(s): (1) the totality of the known circumstances; (2) the presence of any aforementioned Risk Factors; (3) the potential impact of such action(s) on the Complainant; (4) any evidence showing that the Respondent made statements of admission or otherwise accepted responsibility for the Prohibited Conduct; (5) the existence of any independent information or evidence regarding the Prohibited Conduct; and (6) any other available and relevant information. The university will seek to honor the Complainant's request(s) if it is possible to do so while also protecting the health and safety of the Complainant and the university community.

*1. Determination that a Complainant's Request(s) **Can** be Honored.* Where the Title IX Coordinator determines that a Complainant's request(s) (that personally identifying information not be shared with the Respondent, that no investigation be pursued, and/or that no disciplinary action be taken) *can* be honored, the university may nevertheless take other appropriate steps designed to eliminate the reported conduct, prevent its recurrence, and remedy its effects on the Complainant and the university community. Those steps may include offering appropriate remedial measures to the Complainant, providing targeted training or prevention programs, and/or providing or imposing other remedies tailored to the circumstances as a form of an alternative resolution.

At any time, the Complainant may choose to pursue alternative resolution (if available) or formal resolution under these procedures. The Title IX Coordinator also may request that a report be re-opened and pursued under these procedures if any new or additional information becomes available.

Although a report may be re-opened at any time, the university will only be able to pursue disciplinary resolution and sanctions where the Respondent continues to be a university "student" (i.e., continues to be registered or enrolled for credit- or noncredit-bearing course work at the university).

*2. Determination that a Complainant's Request(s) **Cannot** be Honored.* Where the Title IX Coordinator has determined that a Complainant's request(s) (that personally identifying information not be shared with the Respondent,

that no investigation be pursued, and/or that no disciplinary action be taken) *cannot* be honored (i.e., because honoring the Complainant’s request(s) would impede the university’s ability to ensure the health and safety of the Complainant and other members of the university community), the Title IX Coordinator will take any appropriate university actions, which may include, without limitation, (i) causing the Dean of Students to impose a No-Contact Directive or an Interim Disciplinary Suspension on the Respondent; (ii) causing the University Registrar to place a “hold” on the Respondent’s university transcript; (iii) initiating an investigation and formal resolution under these procedures; and/or (iv) arranging, imposing, or extending any other appropriate remedial and/or protective measures.

Where the Title IX Coordinator has determined that the university must proceed with an investigation despite a Complainant’s request to the contrary, the Title IX Coordinator will make reasonable efforts to protect the privacy of the Complainant. However, actions that may be required as part of the university’s investigation will involve speaking with the Respondent and others who may have relevant information, in which case the Complainant’s identity may have to be disclosed. In such cases, the Title IX Coordinator will notify the Complainant that the university intends to proceed with an investigation, but that the Complainant is not required to participate in the investigation or in any other actions undertaken by the university.

Where a Complainant declines to participate in an investigation, the university’s ability to meaningfully investigate and respond to a report may be limited. In such cases, the Title IX Coordinator may pursue the report if it is possible to do so without the Complainant’s participation in the investigation or resolution (e.g., where there is other relevant evidence of the Prohibited Conduct, such as recordings from security cameras, corroborating reports from other witnesses, physical evidence, or any evidence showing that the Respondent made statements of admission or otherwise accepted responsibility for the Prohibited Conduct). In the absence of such other evidence, however, the university will only be able to respond to the report in limited and general ways (i.e., through the provision of remedial measures, targeted training or prevention programs, or other remedies tailored to the circumstances).

NOTICE TO COMPLAINANT AND RESPONDENT OF UNIVERSITY ACTIONS

- The Title IX Coordinator will promptly inform the Complainant of any action(s) undertaken by the university to respond to a health or safety concern to the Complainant or the university community, including the decision to proceed with an investigation.

- The Title IX Coordinator also will promptly inform the Respondent of any action(s) (including any interim protective measures) that will directly impact the Respondent, and provide an opportunity for the Respondent to respond to such action(s).
- The Title IX Coordinator retains the discretion to impose and/or modify any interim protective measures based on all available information. Interim protective measures will remain in effect until the resolution of the report by the Office of Student Conduct, unless new circumstances arise that warrant reconsideration of the protective measures prior to the determination by the Office of Student Conduct. A Complainant or Respondent may challenge interim protective measures or other actions, or failure to impose interim protective measures or take other actions, by contacting the Title IX Coordinator to address any concerns. A review of those concerns is conducted by the Vice President for Compliance, Diversity, and Ethics.

NOTICE TO STUDENT GROUPS OR ORGANIZATIONS

If, upon completion of the health and safety assessment, the Title IX Coordinator determines that a report of Prohibited Conduct reveals involvement of, or a pattern of behavior by, a particular student group or organization (e.g., agency group, special status organization, fraternity, sorority, contracted independent organization, club sport, and/or athletic team), the Title IX Coordinator may initiate a formal investigation of the student group or organization, in addition to any investigation regarding the Respondent. The process for the formal investigation follows the same process as for an individual. The Title IX Coordinator may also impose any appropriate interim remedial or protective measures contemplated by these Procedures (e.g., stay-away orders, training and/or prevention programs targeted to student members of the group or organization). The Title IX Coordinator will also consult with relevant university officials regarding any appropriate university action directed at the student group or organization, including, but not limited to, modification, suspension, or termination of the student group's or organization's agreement or status with the university.

ADMINISTRATIVE INVESTIGATIONS OF COMPLAINTS OF STUDENT SEXUAL MISCONDUCT

The Office of Compliance, Diversity, and Ethics (CDE) will investigate all complaints of student sexual misconduct. The investigation will include interviews with the student parties involved, witnesses, an examination of documents provided, and any additional information considered by the investigator. The final investigative report will be forwarded to the Office of Student Conduct

(OSC) for a review of policy violations, and subsequent disciplinary action as deemed appropriate.

Formal Resolution

Formal Resolution is commenced when:

- A Complainant reports that a student has engaged in one or more instances of Prohibited Conduct and requests, at any time, an investigation and disciplinary action; or
- At the conclusion of the assessment process described in these procedures, the Title IX Coordinator has determined, based upon a review of the totality of the circumstances and guided by a consideration of the Risk Factors, that investigation of the reported conduct is necessary to ensure the health and safety of the Complainant and/or other members of the university community, notwithstanding the Complainant's request that personally identifying information not be shared with the Respondent, that no investigation be pursued, and/or that no disciplinary action be taken.

If a Complainant requests that a formal investigation be conducted and the Title IX Coordinator determines that a formal investigation is not warranted, the Title IX Coordinator shall communicate that decision to the Complainant. The Complainant shall have five days to appeal that decision to the Vice President for Compliance, Diversity, and Ethics, whose decision shall be final.

Investigation

Whenever Formal Resolution is commenced, the Title IX Coordinator will designate one or more investigators from CDE and/or an experienced external investigator to conduct a prompt, thorough, fair, and impartial investigation. All investigators will receive annual training on issues related to sexual and gender-based harassment, sexual assault, dating violence, domestic violence, and stalking, and on how to conduct an investigation that is fair and impartial, provides parties with notice and a meaningful opportunity to be heard, and protects the safety of Complainants and the university community while promoting accountability.

1. *Notice of Investigation.* The Title IX Coordinator will notify the Complainant and the Respondent, in writing, of the commencement of an investigation. Such notice will (1) identify the Complainant and the Respondent; (2) specify the date, time (if known), location, and nature of the alleged Prohibited Conduct; (3) identify potential policy violation(s); (4) iden-

tify the investigator; (5) include information about the parties' respective expectations under the policy and these procedures; (6) explain the prohibition against retaliation; (7) instruct the parties to preserve any potentially relevant evidence in any format; (8) inform the parties how to challenge participation by the investigator on the basis of bias or a conflict of interest; and (9) provide a copy of the policy and these procedures.

2. *Other Forms of Discriminatory and/or Harassing Conduct.* If a report of Prohibited Conduct also implicates other forms of discriminatory and/or harassing conduct prohibited by University Policy 1201: Non-Discrimination Policy and/or any other violation(s) of the university's Code of Student Conduct, the Title IX Coordinator will evaluate all reported allegations to determine whether the alleged Prohibited Conduct and the alleged University Policy 1201 violation(s) and/or alleged Code of Student Conduct violation(s) may be appropriately investigated together without unduly delaying the resolution of the report of Prohibited Conduct. Where the Title IX Coordinator determines that a single investigation is appropriate, the determination of responsibility for the violation of University Policy will be evaluated under the applicable policy (i.e., University Policy 1201, University Policy 1202, and/or the Code of Student Conduct), but the investigation and resolution will be conducted in accordance with these procedures.
3. *Presumption of Non-Responsibility and Participation by the Parties.* The investigation is a neutral fact-gathering process. The Respondent is presumed to be not responsible; this presumption may be overcome only where the investigator, OSC, and/or Appeal Authority conclude that there is sufficient evidence, by a preponderance of the evidence, to support a finding that the Respondent violated the policy. Neither party is required to participate in the investigation nor any form of resolution under these procedures. The investigator will not draw any adverse inference from a decision by either of the parties not to participate.
4. *Timeframe for Completion of Investigation; Extension for Good Cause.* Typically, the period from commencement of an investigation through resolution (finding and sanction, if any) will not exceed 60 calendar days. This timeframe may be extended for good cause, which may exist if additional time is necessary to ensure the integrity and completeness of the investigation, to comply with a request by external law enforcement for temporary delay to gather evidence for a criminal investigation, to accommodate the availability of witnesses, to account for university breaks or vacations, to account for complexities of a case including the number of witnesses and

volume of information provided by the parties, or for other legitimate reasons. The investigator will notify the parties in writing of any extension of this timeframe and the reason for such extension.

5. *Overview of Investigation.* During the investigation, the parties will have an equal opportunity to be heard, to submit information and corroborating evidence, to identify witnesses who may have relevant information, and to submit questions that they believe should be directed by the investigator to each other or to any witness. The investigator will notify and seek to meet separately with the Complainant, the Respondent, and third-party witnesses, and will gather other relevant and available evidence and information, including, without limitation, electronic or other records of communications between the parties or witnesses (via voicemail, text message, email, and social media sites), photographs (including those stored on computers and smartphones), and medical records (subject to the consent of the applicable party).
6. *Advisors.* Throughout the investigation and resolution process, each party has the right to choose and consult with an advisor. The advisor may be any person, including an attorney, who is not otherwise a party or witness involved in the investigation. The parties may be accompanied by their respective advisors at any meeting or proceeding related to the investigation and resolution of a report under these procedures. While the advisors may provide support and advice to the parties at any meeting and/or proceeding, they may not speak on behalf of the parties or otherwise participate in, or in any manner disrupt, such meetings and/or proceedings.
7. *Prior or Subsequent Conduct.* Prior or subsequent conduct of the Respondent may be considered in determining pattern, knowledge, intent, motive, or absence of mistake. For example, evidence of a pattern of Prohibited Conduct by the Respondent, either before or after the incident in question, regardless of whether there has been a prior finding of a policy violation, may be deemed relevant to the determination of responsibility for the Prohibited Conduct under investigation. The determination of relevance of pattern evidence will be based on an assessment of whether the previous or subsequent conduct was substantially similar to the conduct under investigation or indicates a pattern of similar Prohibited Conduct. Such prior or subsequent conduct may also constitute a violation of Policy 1201 and/or the Code of Student Conduct, in which case it may subject the Respondent to additional sanctions. The investigator will determine the relevance of this information and both parties will be informed if evidence of prior or subse-

quent conduct is deemed relevant.

8. *Prior Sexual History.* The sexual history of a Complainant or Respondent will never be used to prove character or reputation. Moreover, evidence related to the prior sexual history of either of the parties is generally not relevant to the determination of a policy violation and will be considered only in limited circumstances. For example, if the existence of Affirmative Consent is at issue, the sexual history between the parties may be relevant to help understand the manner and nature of communications between the parties and the context of the relationship, which may have bearing on whether Affirmative Consent was sought and given during the incident in question. However, even in the context of a relationship, Affirmative Consent to one sexual act does not, by itself, constitute Affirmative Consent to another sexual act, and Affirmative Consent on one occasion does not, by itself, constitute Affirmative Consent on a subsequent occasion. In addition, prior sexual history may be relevant to explain the presence of a physical injury or to help resolve another question raised by the report. The investigator will determine the relevance of this information and both parties will be informed if evidence of prior sexual history is deemed relevant.
9. *Relevance.* The investigator has the discretion to determine the relevance of any proffered evidence and to include or exclude certain types of evidence. In general, the investigator will not consider statements of personal opinion rather than direct observations or reasonable inferences from the facts, or statements as to any party's general reputation for any character trait.
10. *Site Visit(s).* The investigator may visit relevant sites or locations and record observations through written, photographic, or other means.
11. *Expert Consultation(s).* The investigator may consult medical, forensic, technological, or other experts when expertise on a topic is needed in order to achieve a fuller understanding of the issues under investigation.
12. *Coordination with Law Enforcement.* The investigator will contact any law enforcement agency that is conducting its own investigation to inform that agency that a university investigation is also in progress; to ascertain the status of the criminal investigation; and to determine the extent to which any evidence collected by law enforcement may be available to the university in its investigation. At the request of law enforcement, the investigator may delay the university investigation temporarily while an external law enforcement agency is gathering evidence. The investigator will promptly resume the university investigation when notified that law enforcement has

completed the evidence-gathering stage of its criminal investigation.

13. *Draft Investigation Report.* At the conclusion of the investigation, the investigator will prepare a Draft Investigation Report summarizing the information gathered and outlining the contested and uncontested information. The Draft Investigation Report will not include any findings, but will include information about any potential new charges that come to light during the Investigation. The Complainant and the Respondent will have an opportunity to review the Draft Investigation Report; meet with the investigator; submit additional comments and information to the investigator; identify any additional witnesses or evidence for the investigator to pursue; and submit any further questions that they believe should be directed by the investigator to the other party or to any witness. The investigator will designate a reasonable time for this review and response by the parties, not to exceed five calendar days. In the absence of good cause, information discoverable through the exercise of due diligence that is not provided to the investigator during the designated review and response period will not be considered in the determination of responsibility for a violation of the policy, and will not be considered by the Hearing Officer. Either party can request a review of the draft report to the Vice President for Compliance, Diversity, and Ethics.
14. *Final Investigation Report.* Unless there are significant additional investigative steps requested by the parties or identified by the investigator, within five calendar days after receipt and consideration of any additional comments, questions, and/or information submitted by the parties during the designated review and response period, the investigator will prepare a Final Investigation Report, which will include a recommendation as to whether there is sufficient evidence, by a preponderance of the evidence, to support a referral to the Office of Student Conduct for a potential violation of University Policy. The Final Investigative Report will also include a summary of the investigator's rationale in support of the recommendation. The investigator will deliver the Final Investigation Report to the Title IX Coordinator, who will review and approve it. The Title IX Coordinator may modify the recommendation and/or refer the investigation back to the investigator for further investigation, if necessary.

If the recommendation of the Final Investigation Report is that there is sufficient evidence to support a referral to the Office of Student Conduct for a potential violation of University Policy, then the Title IX Coordinator shall send the report to the Office of Student Conduct for review and determination of alleged policy violation and assignment of hearing officer

for hearing. The Title IX Coordinator shall also inform the Complainant and Respondent of the recommendation and that the case has been referred to the Office of Student Conduct for review. Either party may request the opportunity to view the Final Investigation Report.

If the recommendation of the Final Investigation Report is that there is insufficient evidence to support a referral to the Office of Student Conduct for a potential violation of University Policy, both the Complainant and the Respondent will be notified in writing through a Letter of Determination of that outcome. Either party may request the opportunity to view the Final Investigation Report. Either party may appeal that decision to the Vice President for Compliance, Diversity, and Ethics within five days of notification of the recommendation. The decision of the Vice President shall be final.

When Respondent Accepts Responsibility for Violation(s)

The investigator will forward the investigative report to the Office of Student Conduct with the findings of fact. The director of the Office of Student Conduct or designee will select violations and send a notice of the violations to the respondent. If, after receiving notice of a violation of the Code of Student Conduct, a respondent wishes to accept responsibility for all violation(s) of the Code of Student Conduct and to waive the respondent's opportunity for a formal hearing, the respondent may do so by providing notice to the director of student conduct in writing. To be effective, this must be received by the director of student conduct no later than 5 p.m. five days before any scheduled conduct hearing.

1. After the respondent has provided this notice, the Office of Student Conduct will notify both parties that the respondent has chosen to accept responsibility and waive the hearing.
2. The director of student conduct will then assign the referral to a hearing officer.
3. Both parties shall have the opportunity to submit a written statement detailing the impact of the behavior, sanction recommendations, and any supporting documentation relevant to the sanctioning decision. Each party must submit the written statement within seven days of the date of the notice sent by the Office of Student Conduct. If a student fails to submit the statement before the deadline it will not be considered by the sanction officer. A copy of each impact statement will be provided to the other party. These statements will be reviewed and considered by the sanction officer in determining a sanction.

4. The sanction officer will decide on appropriate sanction(s). See page 124 of this report for information regarding sanctions.
5. Both the complainant and respondent will be notified of the findings and sanctions in writing, on or about the same date and time. Both parties will receive the same notification, which will include a rationale for the findings and sanctions. This notification should be released to both parties within five days of the conclusion of the hearing. However, a longer period of time may be warranted at the discretion of the hearing officer.
6. The sanctions may be appealed in accordance with the Appeals section as described in the following sections. The outcome may be appealed only on the grounds of severity of sanction.

Office of Student Conduct Resolution Procedure

(The following procedures are available online at studentconduct.gmu.edu/sexual-misconduct-procedures.)

Pre Hearing:

The investigator will forward the investigative report to the Office of Student Conduct. The Director of the Office of Student Conduct or designee will determine whether the investigative report identifies any potential violations of the Code of Student Conduct, and, if so, send a notice of the violations to the Respondent. The Director of Student Conduct or designee will provide the Complainant and the Respondent written notice describing the alleged violation(s), the time and date of the hearing, a copy of this procedure, a copy of the final investigative report submitted to the Office of Student Conduct (with any necessary redactions), and a procedural outline describing the format of the hearing.

The resolution of the referral will be assigned to a hearing officer who has no previous substantive knowledge of the facts of the case or the students involved. The hearing officer may be a university employee or an outside adjudicator retained by the university. The hearing will ordinarily be scheduled as soon as possible after receiving the investigative report.

If either the Complainant or the Respondent believes for any reason that the hearing officer would exhibit bias against their position, respectively, the student has five business days prior to the hearing to notify the Office of Student Conduct in writing of the specific perceived bias that should disqualify the hearing officer from the case. In no event will the gender of the hearing officer alone be

considered a valid reason to claim bias by either the Complainant or the Respondent. This request will be reviewed by the Director of Student Conduct or designee, and a new hearing officer may be assigned if appropriate. The Director or designee's decision is final.

Either the Respondent or the Complainant may request a pre-hearing conference with the Director of Student Conduct or designee, at which time the Director or designee will describe the hearing process and answer any questions related to the hearing process. The facts of a particular case will not be discussed during the pre-hearing conference.

During the Sexual Misconduct investigative and resolution process, all parties are given the opportunity to have one advisor of their choosing present, at the cost of the student. The role of the advisor is limited in that a student may confer with their advisor, and the advisor is not permitted to speak on behalf of the student.

Respondent Accepts Responsibility for Violation(s), Post-Charges

If, after receiving notice of a violation of the Code of Student Conduct, a Respondent wishes to accept responsibility for all violation(s) of the Code of Student Conduct and waive the Respondent's opportunity for a formal hearing, the Respondent may do so by providing notice to the Director of Student Conduct in writing. If a Respondent accepts responsibility for all violations, the following procedure shall apply:

1. After the Respondent has provided this notice, the Office of Student Conduct will notify the Complainant that the Respondent has chosen to accept responsibility and waive the hearing.
2. Both parties shall have the opportunity to submit a written statement detailing the impact of the behavior, sanction recommendations, and any supporting documentation relevant to the sanctioning decision. Once the notice in Item 1 above has occurred, each party must submit the written statement within five business days of the date of the notice sent by the Office of Student Conduct. If a student submits the statement after the deadline, the statement will not be considered by the hearing officer. A copy of each impact statement will be provided to the other party. These statements will be reviewed and considered by the sanction officer in determining a sanction.

3. The hearing officer will make a recommendation of appropriate sanction(s) to the Director of the Office of Student Conduct or designee. When recommending sanctions, the hearing officer may consider, but is not limited to, the following factors:

- the severity, persistence, or pervasiveness of the violation;
- the nature or violence of the violation;
- the perceived impact of the violation on the Complainant;
- the perceived impact on the university community;
- the prior disciplinary record of the Respondent;
- the maintenance of a safe, nondiscriminatory environment that is conducive to learning; and
- any other mitigating or compelling factors.

Students who are found in violation of the Sexual Misconduct Policy may be considered for suspension or expulsion. The final decision regarding sanctions shall be made by the Director of the Office of Student Conduct or designee after taking into account the recommendation of the hearing officer and the factors listed previously. Sanctions may range from a warning to expulsion from the university. A full list and descriptions of sanctions are detailed in the Code of Student Conduct, studentconduct.gmu.edu/university-policies/code-of-studentconduct.

4. Both the Complainant and Respondent will be notified of the sanctions in writing, on or about the same date and time. Both parties will receive the same notification, which will include a rationale for the findings and sanctions. This notification should be released to both parties within 5 business days of the conclusion of the hearing. However, a longer period of time may be warranted at the discretion of the hearing officer.

5. The sanction(s) may be appealed in accordance with the Appeals section as described in subsequent sections. The outcome may be appealed only on the grounds of severity of sanction.

Respondent Contests Student Conduct Charges

If, after receiving the notice of a violation of the code, the student wishes to contest responsibility for some or all of the alleged violations, the following procedures shall apply.

In addition to the pre-hearing procedures discussed in the preceding sections, the following additional procedures shall apply when a Respondent contests the charges:

1. Five days prior to the hearing, the Complainant and Respondent shall provide to the Office of Student Conduct any documents and/or witnesses they would like to present at the hearing. For any witness, the party must provide a witness statement that includes all facts that the witness will testify to at the hearing. The witness will not be allowed to testify to any facts not included in the witness statement except in response to questions from the hearing officer or the opposing party. The Office of Student Conduct shall send each party the documents and witness statements provided by the other party.
2. Two days prior to the hearing, the Complainant and Respondent shall provide the Office of Student Conduct any documents and/or witnesses they would like to present in rebuttal to documents or witnesses the other party intends to offer. For any witness, the party must provide a witness statement that includes all facts that the witness will testify to at the hearing. The witness will not be allowed to testify to any facts not included in the witness statement except in response to questions from the hearing officer or the opposing party. Students must provide a rationale for any rebuttal information or witness. The Office of Student Conduct may decide to exclude any material submitted that is not rebuttal information. The Office of Student Conduct shall send each party the documents and witness statements provided by the other party.
3. If the Respondent and/or Complainant identify documents or witnesses who were not identified during the investigative phase, the Director of the Office of Student Conduct or designee, in conjunction with the Title IX Coordinator, may refer the case back to the Title IX Office for further investigation.

Hearing:

1. The hearing officer will use a procedural outline and a script to facilitate the hearing. A representative of the Office of Student Conduct shall be present at the hearing to provide logistical support, facilitate the hearing, and ensure that the hearing complies with these procedures. In certain circumstances, if the Complainant does not wish to participate in the hearing, a representative from the university may serve as the complaining party.
2. At the hearing, the Complainant and the Respondent meet with the hearing officer simultaneously. Prior to the hearing, either party may request a partition in the room to visually separate the Complainant and Respondent, or they may request to be physically located outside the presence of the other

individual and participate by teleconference. This request must be provided to the hearing officer no later than five business days before the scheduled date of the hearing.

3. Both parties will be offered an opportunity to provide a verbal statement and respond to questions posed by the hearing officer. All questions and answers must be directed to and from the hearing officer. Neither party is permitted to directly question or have any dialogue with the other party.
4. The Respondent may admit responsibility for any of the violations during the hearing.
5. Either party may present documents or witnesses that were identified prior to the hearing as provided in preceding sections. The hearing officer shall have the discretion to decide whether documents or witnesses presented are relevant and may exclude evidence or witnesses that they decide are irrelevant. Documents or witnesses will be considered relevant if they make a fact in question more or less likely to be true. The hearing officer may ask questions of any witness, and both parties may submit written questions to the hearing officer for him/her to ask any witness, if he/she determines that the question is relevant.
6. The investigator will be available at the time of the hearing to clarify information contained in the investigative report. Both parties and the hearing officer may ask questions of the investigator. Questions from the parties shall be submitted in writing to the hearing officer.
7. The hearing will be audio recorded. The recording will be stored in the Office of Student Conduct. Upon request, either party may be provided access to review the recording. Additional recordings or recording devices are strictly prohibited.
8. Either party may decline to participate in the actual hearing. If a party declines to participate, the party's absence will not be used as an inference of responsibility or lack of cooperation.
9. The hearing officer may, if necessary, request any additional information or documents from any party or witness or may request the opportunity to speak with additional witnesses. If necessary, the hearing officer may continue the hearing to a future date to allow for this additional inquiry.
10. After all relevant information is presented by the parties and the investigator, the hearing officer will render a determination of responsibility (responsible or not responsible). The hearing officer will apply a preponder-

ance of evidence standard (more likely than not) in determining responsibility for the alleged violation(s). If a student is found not responsible for all violation(s), the matter is concluded, pending appeal (see the section on Appeals that follows).

11. If the Respondent is found responsible for any violation(s), both the Complainant and Respondent may submit an impact statement (either in writing or orally) and recommendation for sanction(s).
12. The hearing officer will decide on sanction recommendations to be made to the Director of Student Conduct or designee. The Office of Student Conduct may elect to accept, reject, or modify the recommendations of the hearing officer.
13. Factors included in the determination of recommended sanctions include, but are not limited to
 - the severity, persistence, or pervasiveness of the violation;
 - the nature or violence of the violation;
 - the perceived impact of the violation on the Complainant;
 - the perceived impact on the university community;
 - the prior disciplinary record of the Respondent;
 - the maintenance of a safe, nondiscriminatory environment that is conducive to learning; and
 - any other mitigating or compelling factors.

Sanctions may range from a warning to expulsion from the university. Students who are found in violation of the Sexual Misconduct Policy may be considered for suspension or expulsion. A full list and description of sanctions are detailed in the Code of Student Conduct, studentconduct.gmu.edu/university-policies/code-of-student-conduct.

Post-Hearing

1. The hearing officer shall provide a written report to the Office of Student Conduct containing the findings of fact made by the hearing officer, the finding of responsibility or nonresponsibility with the rationale for that finding, the sanctions (if applicable), and the rationale for the sanctions.
2. Both the Complainant and Respondent will be notified of the findings and sanctions in writing, on or about the same date and time. Both parties will

receive the same notification, which will include a rationale for the findings and sanctions. This notification should be released to both parties within five business days of the conclusion of the hearing unless a longer period of time is deemed necessary.

3. If an appeal is not filed within the timelines stated in the following sections, the decision is final.

Appeals

Either the Respondent or the Complainant may file an appeal of the decision. Valid grounds for an appeal of the decision are limited to

- Material procedural irregularity in any part of the investigative or hearing process, that had a material and significant impact on the outcome of the process
- Bias of the hearing officer, for reasons other than the stated rationale for the decision or the gender of the hearing officer
- Severity of sanction
- The discovery of new and material information that was unavailable at the time of the hearing, that, had it been available, it would likely have resulted in a different outcome of either the findings or sanctions. Information is unavailable if it was not known or could not have been discovered by the party through the exercise of reasonable diligence prior to the hearing. A witness or party failing to appear at the hearing is not valid grounds for an appeal.

In order to file an appeal, the student must fill out the form located at student-conduct.gmu.edu/our-process/contact. **The appeal form must be submitted within five business days following the date of the notice of findings by 5 p.m. Late appeals will NOT be considered.**

Upon receipt of the appeal request, the Director of the Office of Student Conduct or designee will assign the appeal to an appeals officer. The appeals officer will be a person who has no prior substantive knowledge of the facts of the case, and has no personal knowledge of, or association with, either the Respondent or Complainant. The Complainant or Respondent may challenge the impartiality of an appeals officer in writing to the Director of Student Conduct or designee. Following a review of this documentation, the appeal may proceed or a new appeals officer may be assigned. The decision of the Director of Student Conduct or designee is final.

The appeals officer will provide the nonappealing student a copy of written materials provided by the appellant. The nonappealing party may submit a written

response to the appeal request. If the nonappealing party wishes to provide a response, documentation must be provided no later than five business days following the request (by 5 p.m.). After receipt of such written materials, the appeals officer shall provide a copy of the response to the appealing party.

The appeals officer will base their decision on the written appeal request, all case materials, and the recording of the hearing. The appeals officer may

- deny the appeal;
- modify the sanctions;
- remand the case to the Office of Student Conduct with instructions to conduct a new hearing.

Appeals will ordinarily conclude within 15 business days unless a longer period of time is deemed necessary.

The appeals officer shall issue the written decision to both the Respondent and Complainant on or about the same date and time. The documentation will contain the rationale for the appeal decision.

Transcript Notations

As is required by Virginia law, a student who has been suspended or expelled for a sexual misconduct violation shall have a notation placed on his or her academic transcript. The notation will state that a student has been “Suspended or Dismissed for a Violation of the Code of Student Conduct.” Additionally, any student who is alleged to have violated this policy who withdraws from the university while under investigation will also have a notation placed on her or his academic transcript; this notation will state that the student has withdrawn from the institution while under investigation for a violation. The university may also move forward with conduct proceedings if the student(s) has withdrawn.

Reasonable Alterations

The Office of Student Conduct and the Office of Compliance, Diversity, and Ethics may alter this process at their sole discretion, when extenuating circumstances exist.

Possible Sanctions

(Possible Sanctions are found in the Code of Student Conduct (CSC) at studentconduct.gmu.edu/university-policies/code-of-student-conduct.)

The following sanctions may be imposed on any Respondent found responsible for an Act of Misconduct:

1. **Warning**—A notice that any future violation of the CSC may result in further disciplinary action.
2. **Educational Sanction**—A sanction requiring the Respondent to perform mandated service, or to participate in an educational program or activity such as, but not limited to, an educational seminar, a treatment program for alcohol or drug abuse, or other program/task designed to assist the student in learning more about how their behavior impacted themselves and/or the community.
3. **Disciplinary Probation**—A period during which the Respondent must act in a manner acceptable to the university. Conditions of probation may restrict the Respondent's participation in cocurricular activities. A violation of the terms of probation, or further misconduct while on probation, may result in sanctions of suspension, or dismissal.
4. **Housing Probation**—A period in which a Respondent living in a campus residence hall must act in a manner acceptable to the university and Housing and Residence Life. A violation of the terms of probation or further misconduct while on housing probation may result in a suspension of housing privileges.
5. **Restitution**—Repayment for damages as a result of the Respondent's actions or inactions. Restitution for theft, misappropriation of university funds, or damage to university property will be charged to the student's account and may be referred to the Office of Risk Management. Any unpaid debt may result in a hold, collection procedures, and collection costs and fees.
6. **Loss of Privilege**—The withdrawal of a privilege, use of a service, participation in a program, event, or activity for a specific period of time. A student or student organization may be prohibited from participating in cocurricular activities, continuing a degree program, being present in or using certain campus facilities or services, or enrolling in a class or classes.
7. **Termination of Recognition**—Terminating university recognition of a student organization for a specific or indefinite period of time.
8. **No Contact Order**—A No Contact Order will remain in place until all parties agree in writing to cancel the No Contact Order, pending approval by the Office of Student Conduct.

9. **Trespass**—A student may not be permitted to access portions, or the entirety, of university property for a specified period of time.
10. **Suspension**—An action that excludes the student from registration, class attendance, residence in university-owned or managed housing, and/or use of university facilities for a specified period of time.

Students on suspension will not be allowed on university property unless preapproved by, and at the discretion of, the Office of Student Conduct.

A suspension may be deferred based on the timing of the semester (e.g. end of semester). This decision is at the discretion of the sanctioning official and will only be considered if the Respondent's presence on campus is deemed not to be a threat. Should the Respondent be readmitted, further incident(s) of misconduct will result in additional suspension periods or dismissal from the university. Additionally, the failure to observe the terms and conditions of a suspension may cause the extension of the suspension period or result in further disciplinary action.

A suspension will be implemented once the appeal timeline or process is complete. In the event of a suspension, students are encouraged to consult with Student Accounts and the University Registrar regarding possible tuition and fee refunds. The Office of Student Conduct has no authority in financial matters.

A notation will be placed on a student's transcript indicating disciplinary suspension. After the completion of the suspension and any other sanctions, the suspension transcript notation will be removed. Students must complete all sanctions, and the Respondent must comply with all academic admission standards then in effect in order to register.

11. **Deferred Suspension**—A suspension (or housing suspension) that is delayed pending specified behavioral performance. A definite period of observation and review occurs during deferred suspension. If a Respondent is again found responsible for a CSC violation, the suspension will take place immediately without appeal.
12. **Dismissal**—The permanent loss of the privilege of registration, class attendance, and residence in university-owned or university-managed housing. The privilege to use university facilities or property is also permanently

withdrawn by this action. A Respondent who has been dismissed is not eligible for readmission. Any Respondent who is dismissed will not be entitled to any refund of tuition or fees. A notation will be placed on the Respondent's transcript indicating disciplinary dismissal.

13. **Revocation of Degree**—A student's recognition as a graduate or alumna/us is rescinded. This sanction may occur if a student is found in violation of an Act of Misconduct following their graduation from George Mason, if the act was committed while considered a student.

A pattern of lying or fabrication by a Respondent may be considered when sanctions are imposed.

Other University Measures

University administrators and faculty members may take actions for situations that are not so serious as to justify referral to the university conduct system. Examples of this include, but not limited to, the withdrawal of minor privileges upon administrative determination of misconduct, or the privilege of using the university student centers for individuals or students who do not comply with the regulations affecting a building.

Hold

A hold may be placed on a Respondent's university account if a Respondent

- is accused of violations that could result in a suspension or expulsion;
- fails to schedule an appointment with the hearing officer after being notified to do so;
- fails to attend a scheduled meeting with the hearing officer;
- fails to complete an assigned sanction(s) by the specified deadline; or
- is sanctioned with a hold; this typically occurs until all sanctions are completed or a suspension or expulsion is imposed.

In cases of students who are graduating, a hold may be placed that will delay the awarding of a degree; however, if approved by the Office of Student Conduct, a student with a hold in place may participate in Commencement activities without receiving a diploma. To remove a hold, a student should contact the hearing officer or the Office of Student Conduct.

INTERIM ACTIONS

Depending on the nature of the alleged misconduct, interim actions may be taken as deemed necessary for the reasonable operation of George Mason University. Examples include, but are not limited to, administrative trespasses from specific buildings or the entire campus, administrative no-contact orders between individuals or groups, and alteration of academic or work schedules.

STUDENT CONDUCT PROCESS AT MASON KOREA

The aforementioned information regarding Mason's student conduct process is applicable to all Mason students at the Mason Korea Campus. The Director of Student Conduct or the director's designee will, in partnership with Mason Korea leadership, facilitate the student conduct process via appropriate electronic means.

Procedures for Institutional Disciplinary Action in Cases of Alleged Dating Violence, Domestic Violence, Sexual Assault, Stalking, or Sexual Harassment and Misconduct Committed by Mason Employees

COMPLAINT PROCESS

If a member of the George Mason University community believes that she or he has been the victim of discrimination or discriminatory harassment or has information about discrimination/harassment in the university community, she or he may promptly report, without fear of reprisal, the facts of the incident and the name(s) of the individual(s) involved to the Office of Compliance, Diversity, and Ethics (CDE), located on the Fairfax Campus, Aquia Building, Suite 373. CDE may also be contacted via email at titleix@gmu.edu or phone at 703-993-8730. Alternatively, a member of the university community may report the situation to her or his immediate supervisor, department head, or dean, who will immediately notify CDE of the report. Supervisors must immediately report any complaints they receive or incidents of alleged discrimination they witness to CDE.

A complaint should be filed within 180 calendar days of the most recent incident. The university will consider requests to extend this period where the Reporting Party can show she or he needed additional time due to circumstances beyond her or his control or a pattern of ongoing discriminatory behavior. All complaints of discrimination will be treated in the strictest confidence possible under the particular circumstances.

The Reporting Party will meet with a member from CDE to discuss their concerns. Assuming the complete veracity of the allegation(s), CDE will make a threshold determination as to whether the allegation(s) contained in the complaint constitute a violation of university policy. This threshold determination will be made within three business days of the initial meeting with a CDE member. Where appropriate, CDE may conduct a preliminary inquiry to determine whether an investigation is required. If the threshold determination

indicates that the allegation(s) in the complaint do not constitute a violation of university policy, either with or without a preliminary investigation, the Reporting Party will be notified that no further action will be taken with regard to the complaint. If the threshold determination indicates that an investigation is required, CDE will determine the appropriate investigation process, and an investigator from CDE assigned to the complaint will notify the Reporting Party and Responding Party (the individual accused of discrimination) that said investigation is underway.

COMPLAINT OPTIONS

Informal

Discuss allegations and concerns with the Responding Party (the accused) and attempt to resolve the situation. The Responding Party is reminded that George Mason University expects all to adhere to our Equal Opportunity policies. The Responding Party is put on notice that behavior has been questioned and informal resolution is sought, if possible. CDE reserves the right to pursue a Formal Investigation into any allegations brought forth during the Informal Procedure should those allegations be indicative of a serious or continuing violation of the Equal Opportunity policies.

Formal

An investigation is conducted by CDE complete with interviews with the Reporting Party, the Responding Party, and any material witnesses identified, as well as a review of any relevant documentation. The Reporting Party and the Responding Party will be given the opportunity to provide any additional relevant information to the investigator, including the names of additional witnesses to contact and/or additional documents to review before the investigation is closed. At any time before the conclusion of the investigation, the appropriate supervisor to which the Responding Party is assigned may take interim emergency action until the conclusion of the investigation.

At the conclusion of its investigation CDE may issue a final written determination. The final written determination will state whether, based on CDE's investigation, there was a violation of this policy. The final determination will be shared with the Reporting Party, the Responding Party, and the appropriate supervisor. A copy of the written determination may be provided to human resources and other pertinent university officials as necessary to ensure proper resolution and follow-up regarding the matter. CDE's involvement in the matter concludes when a final determination is made.

The investigator's findings of fact will be made using the "preponderance of the evidence" standard. Under this standard, individuals are presumed not to have engaged in the alleged conduct unless a "preponderance of the evidence" supports a finding that the conduct occurred. This "preponderance of the evidence" standard requires that the evidence supporting each finding be more convincing than the evidence offered in opposition to it.

If the investigation finds that discrimination occurred, the university will determine appropriate corrective action, up to and including dismissal. The university may also take corrective action if no discrimination and/or unlawful harassment is found but the Responding Party is found to have engaged in inappropriate workplace behavior.

The Responding Party's appropriate supervisor, human resources, or any other pertinent university official shall promptly notify CDE of any corrective action imposed, if any.

Sanctions imposed on those individuals who have been found to be in violation of George Mason University's Equal Opportunity policy or its Discriminatory Harassment policy shall be commensurate with the severity and/or frequency of the conduct and shall be adequate and sufficient to prevent such conduct in the future.

Corrective actions may include a directive to stop any ongoing discrimination, unlawful harassment, or retaliation; disciplinary or other corrective action against the Responding Party or others; relief for the Reporting Party to remedy the effects of the discrimination, harassment or retaliation; and any other action considered necessary to ensure that this or similar conduct will not happen again.

Appeal

A finding may be appealed in writing to the vice president of CDE by either party within 10 business days of receipt of CDE's determination. A party may appeal a decision based on discovery of new evidence previously unavailable or a significant irregularity in the procedural process, which could affect the outcome of the finding. The appellant should be as specific as possible in setting out basis for appeal; general dissatisfaction with the decision will not be sufficient. The determination of the vice president/CDE is final.

At any time prior to filing a charge or while a complaint proceeding is in progress, a Reporting Party may file their complaint with the appropriate external agencies, such as the Department of Education's Office for Civil Rights (OCR)

or the Equal Employment Opportunity Commission (EEOC), within applicable time limits. In addition, any person who is dissatisfied with George Mason University's internal procedures utilized for handling complaints, or who is dissatisfied with the result of the investigation or the sanctions imposed, may seek redress through the EEOC to the extent allowed by law. The Reporting Party should be aware that filing a complaint with CDE or other university resources does not extend or postpone the deadline for filing with external agencies. In the event that a complaint is filed with an external agency or court, the university reserves the right to determine, at its discretion, whether the university's internal complaint resolution procedure should be discontinued or continued separately.

TIMELINE FOR INVESTIGATION PROCESS

Compliance, Diversity, and Ethics (CDE) will complete its investigations as expeditiously as possible. The investigation shall normally be completed within 45 working days from the filing of a formal complaint, including notification of the parties of the outcome of the investigation. In extraordinary circumstances, CDE reserves the right to extend this time to a reasonable period. All parties will be notified if such an extension is necessary. Many factors can interfere with an investigative fact-finder's commitment to complete a determination promptly, including unavailability of witnesses or the complexity of the issues involved.

CDE will maintain contact with the complainant and respondent throughout the course of the investigation to keep them up to date on the process.

CONFIDENTIALITY AND RETALIATION

Compliance, Diversity, and Ethics takes any allegation of discrimination, harassment, and/or retaliation seriously and is committed to protecting the integrity of the investigation process including confidentiality and the due process rights of all individuals. Note that all those involved (the respondent, the complainant, and the witnesses) have privacy interests. Therefore, outside the scope of the investigation, all parties are cautioned not to publicize or divulge the nature of the proceedings, or the identity of those involved. Additionally, university policy strictly prohibits any form of retaliation, and if this provision is not adhered to, an additional investigation may ensue separate and distinct from the original investigation.

RIGHT TO ADVISOR

The complainant and respondent each have the right to bring an advisor to the investigative meeting. If either party chooses to exercise this option, he or she shall submit the name of the advisor in writing to Compliance, Diversity, and Ethics (CDE) at least 72 hours prior to the meeting.

POTENTIAL SANCTIONS FOR POLICY VIOLATIONS

Mason follows guidelines for sanctions set forth by the Virginia Department of Human Resource Management (OHRM). Sanctions include

1. formal or informal counseling discussions documented in a written memorandum;
2. issuance of written notices;
3. suspensions;
4. demotions;
5. transfers;
6. disciplinary salary actions;
7. terminations;
8. pre-disciplinary leave with pay;
9. mandated training; and/or
10. reassignments.

2019 Annual Fire Safety Report

A Distributed University

Mason is a distributed university, with campuses and locations strategically placed to serve the needs of Virginia and the region. Each site is known for its distinctive academic focus, which plays a critical role in the economy of its area. **Information contained in this report covers the four George Mason University's separate campuses with On-Campus Student Housing Facilities,** including Fairfax Campus, Science and Technology Campus, the Smithsonian-Mason School of Conservation, and Mason Korea.

The Higher Education Opportunity Act, enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities to publish an annual fire safety report that contains information about campus fire safety practices and standards of the institution. The following report details all information required by this act for Mason.

DEFINITIONS

The following terms are used within this report. Definitions have been obtained from the Higher Education Opportunity Act:

On-Campus Student Housing

A student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within a reasonable contiguous area that makes up the campus.

Fire

Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Fire Incident Reporting

Students, faculty, and staff are instructed to call 9-1-1 to report a fire emergency. Nonemergency notifications (e.g., evidence that something burned) are made to Mason Police at 703-993-2810. For students living in on-campus housing at Mason Korea, call 1-1-9.

Residential Fire Safety Tips

Living in a residence hall is commonly associated with new responsibilities, including keeping your residence hall space safe. A few tips to keep your space fire safe:

- Your residence hall's evacuation plans are located on the inside of your bedroom/apartment door. Learn them and evacuate the building every time the fire alarm goes off.
- Familiarize yourself with the *Residential Student Handbook* to know what items are permitted and what items are prohibited.
- If you discover a fire or smell smoke, activate the building fire alarm by pulling the nearest manual pull station.
- Check your room door before opening by using the back of your hand. If the handle is hot, do not open the door.
- Check for smoke and fire outside your window. If safe to do so, open your window and hang a sheet outside to alert emergency response personnel to your location.
- If your clothes catch on fire, STOP, DROP, and ROLL wherever you are. Cover your face and roll from side to side until the flames are out.
- If you have a disability (permanent or temporary) that could impede your ability to evacuate, make sure to speak with your designated Residence Life personnel about alternative arrangements for evacuating. Emergency response personnel are notified of students who have self-identified as having a disability that would impede their ability to evacuate.

COOKING SAFETY

- Read and follow food product preparation instructions prior to beginning to cook (e.g., microwave popcorn or microwave macaroni and cheese).
- Never leave oven, stove, or microwave unattended while in use.
- Clean appliances and cookware frequently to prevent the buildup of grease and grease byproducts.
- Turn on overhead exhaust fan prior to cooking to reduce the potential for smoke.
- Prepare food to designated safe temperatures prior to eating. Visit www.foodsafety.gov for information on safely cooking food.

FURNISHING OR PERSONALIZING YOUR SPACE

Residents are encouraged to personalize their living space. Follow these sample guidelines to ensure the safety of all residents. More information on specific guidelines is available at housing.gmu.edu.

- All electrical devices must be approved by a recognized product testing laboratory.
- No more than 20 percent of the side of a door may be covered at any time.
- Do not hang materials from ceiling or life safety equipment, especially sprinkler heads.
- All curtains must be fire resistant. It is recommended that residents purchase curtains that have been marked by the manufacturer as certified fire-resistant by the National Fire Protection Association (NFPA 701). If residents choose to use curtains that have not been treated by the manufacturer, residents may purchase fire retardant independently or contact their resident director to arrange their curtains to receive a fire-retardant treatment. Residents are responsible for documenting the time of treatment and the product used, and may be expected to present such information during a health and safety or state fire marshal inspection.
- Residents must keep the top 24 inches, the bottom 24 inches, and the side 12 inches clear of decorations of any kind on all walls. Furniture and objects must be at least 18 inches below suppression system sprinkler heads. Decorations, furniture, and so forth must be at least 18 inches away from life-safety equipment such as fire extinguishers or fire alarm pull stations.

Residential Fire Safety Policies and Procedures

ELECTRICAL APPLIANCES

Many electrical appliances are permitted; however, because of the nature of residence halls, some electrical appliances and other items are not permitted because of their associated fire hazard. For an up-to-date listing of which appliances are permitted and which items are prohibited, please visit housing.gmu.edu and select “Resources,” then “Policies,” and then “Residential Student Handbook.”

Sample permitted appliances include

- multiple-outlet adapters with built-in circuit breakers that are UL listed
- microwaves not exceeding 0.6 cubic feet and 700 watts
- refrigerators no larger than 3 cubic feet and using no more than 1.5 amps

PROHIBITED OPEN FLAMES

- Open flames are strictly prohibited unless associated with a university supplied grill or as approved by the Environmental Health and Safety Office.
- Students may not, under any circumstances, attempt to ignite material to create a fire or facilitate the growth of an existing fire on campus. Such incidents will be investigated as arson and the responsible individual(s) will be subject to strict disciplinary action by the university as well as criminal prosecution.
- On-campus housing neighborhoods have permanently installed grills. Only charcoal that does not contain a pre-applied lighter fluid (such as Matchlight or similar products) is permitted.
- Lighter fluid, fire logs, fire starter logs, wood, sticks, etc. are also not permitted. For more information on the appropriate use of these grills, please contact the neighborhood desk or a residence life staff member.

OTHER PROHIBITED ITEMS

- Living spaces that do not have a kitchen are prohibited from containing cooking appliances with open heating elements. These include George Foreman grills, toasters, hot plates, and coffee pots (excluding sealed units such as Keurigs).

- Drug-related paraphernalia (e.g., bong, pipe, hookah)
- Firearms, fireworks, explosives, weapons
- Fuels or other highly combustible items
- Beer pong tables, funnels and tubing, common source containers (e.g., kegs), and other alcohol paraphernalia
- Incense, candles, oil-lamps—lit or unlit
- Barbecue grills (including charcoal and lighter fluid)
- Cinder blocks
- Electrical appliances with an exposed heating element
- Resident-owned air conditioners
- Cut trees (live trees potted appropriately are permitted)
- Extension cords, multiple plugs, multiple plug converters
- Plug-in air fresheners with or without an additional plug adaptor
- Pets, except fish in a 10-gallon (or less) tank
- Halogen lamps, black lights, and octopus/spider lamps
- Outside antennas and satellite dishes
- Water propelling devices, including squirt guns
- Waterbeds
- Unauthorized inflatable pools and slip 'n slides
- Wall-mounted televisions
- NERF and NERF-style guns and projectiles
- Airsoft guns and BB guns
- Non-fire retardant curtains (window or room dividers)
- Non-university supplied lofts

These and other items may be prohibited at the discretion of Housing and Residence Life, the Environmental Health and Safety Office, and the Virginia State Fire Marshal's Office.

MISUSE OF LIFE SAFETY EQUIPMENT

Tampering or removal of a fire extinguisher, fire alarm annunciator, smoke detector, or any other life safety equipment is strictly prohibited. The misuse of life safety equipment is a criminal offense and may be subject to prosecution in addition to disciplinary action imposed by the university.

Inspections

VIRGINIA STATE FIRE MARSHAL INSPECTIONS

The Virginia State Fire Marshal's Office conducts annual inspections, during which all residences are subject to inspection. Violations found during the State Fire Marshal's inspection must be corrected within 30 days and are subject to re-inspection. If not corrected, students may be subject to fines, judicial procedures, eviction from the halls, and/or criminal prosecution.

HOUSING AND RESIDENCE LIFE HEALTH AND SAFETY INSPECTIONS

Staff members from Housing conduct health and safety inspections each semester. The inspections identify violations of university and housing regulations as documented in the *Residential Student Handbook*. Inspections occur each semester and, depending on the violation, may result in immediate confiscation of a prohibited item or a two-week notice to correct the documented violation. Failure to correct violations will result in disciplinary action.

Residents may be notified in advance of inspections occurring. Upon notification, a team of two staff members will enter the occupied spaces to conduct a cursory inspection and document violations. Residents are not required to be present for the inspection. An inspection report will be posted for the space upon completion of the inspection and residents will be expected to resolve the violation promptly. Spaces found to be in violation of other nonprohibited items are subject to re-inspection and confiscation of items.

Emergency Evacuations

The following procedures should be followed when a building must be evacuated:

- If you become aware of a dangerous situation that warrants an evacuation, activate the fire alarm by using a manual pull station. If you are unable to activate the fire alarm, notify the building occupants of the dangerous situation and contact the university police immediately.
- Notify university police by dialing 9-1-1 and report the situation and associated details, if known. (For Mason Korea, dial 1-1-9.)
- Do not use elevators during a fire or evacuation.
- Assist individuals with special needs and those unfamiliar with evacuation procedures.
- Exit the building by way of the nearest exit.
- Assemble at the designated assembly area and await further instruction from emergency response personnel.
- Report missing persons to emergency response personnel.
- Do not re-enter the building until authorized to do so by university police or emergency response personnel.

Information identifying the location of designated assembly areas for each building is provided on fire evacuation signage posted throughout university buildings or available upon request from the Environmental Health and Safety Office.

DESIGNATED ASSEMBLY AREAS

Designated assembly areas have been identified for all university buildings. Designated assembly areas are to be utilized when a building has been evacuated. These designated areas are a safe distance from the building, and keep building occupants safe while allowing emergency response personnel to access the building. In the event that a designated assembly area is inaccessible or inappropriate for the current situation, the following guidelines should be taken into consideration when choosing a more appropriate place. The assembly area should be:

- at least 50 feet away from the building
- upwind from the building to avoid any possible smoke/fume inhalation

Fairfax Police helicopter lands on the Merten Hall lawn during the Life Safety Fair sponsored by Housing and Residence Life, University Life, Environmental Health & Safety, University Police, and the Fairfax Fire Department.

- sheltered, if possible, to protect against the elements
- away from fire lanes or other areas that must remain unobstructed to allow emergency response personnel and vehicles access to the building

INDIVIDUALS WITH A DISABILITY

Persons with a disability may have difficulty evacuating a building without assistance. Individuals who have a mobility impairment and are unable to exit the building should proceed to an Area of Assistance, or remain in their room, to await aid from emergency response personnel. Persons with a disability should attempt to coordinate with an evacuation assistant to receive the proper assistance necessary to remain safe. If they don't have an evacuation assistant with them, they should attempt to make contact with emergency response personnel and relay to them what their location is any other pertinent information. A list of rooms occupied by residents with disabilities or mobility challenges is provided to University Police and is coordinated with local emergency services for the sole purpose of notifying university police and fire and rescue personnel.

EVACUATION PLANS

Evacuation Plans are maps that designate primary and alternate routes of evacuation and assembly areas. Evacuation Plans designate the location of automatic external defibrillators (AEDs), if available, fire extinguishers, and fire alarm pull stations. Evacuation Plans are posted throughout all buildings on campus regardless of use or occupancy classification. Evacuation Plans are reviewed and updated as buildings are renovated by EHS-Fire Safety. EHS provides an *Emergency Evacuation Guide* that outlines building evacuation procedures to assist individuals and units in identifying appropriate designated assembly areas, areas of assistance, procedures for accounting for occupants, and guidelines for people who have mobility impairments. *The Emergency Preparedness Guide* is available on the EHS website at ready.gmu.edu.

Fire Drills in Residence Halls

1. The Virginia Statewide Fire Prevention Code requires four fire drills per year. One of these drills must take place at least 10 days after the fall semester begins. One of these drills must take place before sunrise and one after sunset. Per Virginia code, the exact time of drills may not be announced.
2. EHS-Fire Safety is responsible for creating a schedule for testing that includes input from building occupants and Housing and Residence Life personnel. The time and date of the drill is coordinated between these two campus partners.
3. All drills are scheduled at a time with consideration of the burden on the occupants of the building and disruptions to university operations.
4. Emergency evacuation drills are initiated by activating the fire alarm system. Fire alarm systems are provided in each building where drills are required.
5. Records of all evacuations are maintained by EHS-Fire Safety.
6. After all occupants have exited the building, EHS-Fire Safety silences the alarm and resets the fire alarm control panel.
7. Once the fire system has been reset, EHS-Fire Safety announces the completion of the drill and allows occupants to return to the building. No one shall re-enter the premises until authorized to do so by a university or public safety official.
8. EHS-Fire Safety contacts Mason Police and advises them that the drill has been completed. All subsequent alarms will be treated as an active fire alarm and the local fire department will be notified.
9. Personnel completes the Emergency Evacuation/Fire Drill Record.
10. George Mason University Korea: Mason Korea and Songdo Global University Foundation follow protocols consistent with Mason's Environmental Health and Safety Programs for fire safety standards including fire drill frequency and facility design/attributes (e.g., sprinkler systems, alarms, etc.) for spaces used by Mason students and employees.

Programs and Training

Each year, all housing professional staff and student staff receive fire and life safety training including, but not limited to, the following topics:

- fire extinguishers
- emergency evacuation
- health and safety inspections
- scene safety
- campus violence
- statewide earthquake and tornado drills

Active Threat Training

Mason offers an active threat training video designed to educate students, faculty, and staff on ways to prevent and respond to potential active threats on campus.

Access the video at
ready.gmu.edu.

Plans for Future Improvements in Fire Safety

Mason continues to monitor trends related to residence hall fire incidents and alarms to provide a fire-safe living environment for all students. New programs and policies are developed as needed to help ensure the safety of all students, faculty, and staff.

For more information about public safety and emergency preparedness at Mason, please visit ready.gmu.edu or police.gmu.edu.
