

To the George Mason University Community,

Mason has experienced several incidents of electric scooter thefts on the Fairfax campus in recent days:

- March 26, 2024 / Case # 24-003492 – President’s Park (near Roosevelt and Jackson Hall)
- March 26, 2024 / Case # 24-003482 - Outside of Ike’s
- February 25, 2024 / Case # 24-002192 - Outside of Manhattan Pizza
- February 21, 2024 / Case # 24-002045 - Shenandoah River Lane / Roberts Road

Although the electric scooters are secured to bike racks, suspects have been able to bypass locks and steal the electric scooters. Students should take their electric scooters indoors whenever possible or use additional means, like high-quality U-locks, to secure electric scooters to bike racks. Additionally, to aid in the recovery of stolen electric scooters, students are encouraged to install tracking devices, such as Air Tags, to electric scooters.
